AWARD

Dated : March 18th, 1992

The Central Government in the Ministry of Labour vide its Notification No. L-26011/5/85-D.III(B) dated 6th April, 1987, has referred the following dispute, for adjudication :—

SCHEDULE

"Whether the action of the General Manager, Bailadilla Iron Ore Project, Det. No. 14, Kirandul in not releasing promotion to the post of Sampler of S/Shri G. Das, Chawar Singh, Sikkhal and 7 other sampling Asstts. as per Merendum No. PO/Rectt/816/77 dated 23-6-77 as fair and justified ? If not, to what relief these workmen are entitled ?"

2. The workmen, S/Shri G. Das, Chawar Singh, Sikkhal and 7 others were sampling Assistants in the Bailadilla Iron Project, Deposit No. 14 Kirandul. The General Manager vide Memorandum No. PO/Rectt/816/77 dated 23-6-1977 did not release their promotion to the post of Samplers, it is also not disputed that the workmen were given training of samplers vide letter No. PO/Rectt/816/77 dated 23-6-1977.

3. The workmen say that despite the training have been completed and despite the vacancies having been available they have not been promoted to the post of Samplers. Instead as per G.M. Memorandum referred to above dated 23-6-77 the order of promotion was not released. They are, therefore, entitled to be promoted as Samplers with retrospective effect as and when they became entitled for the promotion.

4. While denying the averments made by the management in their statement the workmen have stated that the management has not taken any decisions of not filling these vacancies or that there was any closure of float ore operation. The same is an after thought. The workmen have also denied that after the closure of float ore operation the requirement of Samplers has reduced considerably. Thus they are entitled to the relief as claimed with all consequential benefits.

5. Management is short along with reconsider has stated that even though on 26-6-77 some posts of Samplers has fallen vacant the management had taken decisions not fill up these vacancies because it was anticipated closure of float ore operation which was finally closed during 1978-79. After the closure of the float ore operation the requirement of Samplers has considerably reduced and at present there is no requirement of any further Sampler. The training order dated 23-6-77 did not promise or assure any of its employees. It was only to enable the management to consider their cases if and when there is vacancy and make appointment. The workmen cannot claim promotion by way of right. Reference is, therefore, liable to be rejected.

6. Reference was the issue in this case.

FINDINGS WITH REASONS :

7. The workman has proved three documents Ex. W/1 to Ex. W/3 and management has proved two documents Ex. M/1 and Ex. M/2.

8. Ex. W/1 is a document according to which the dispute was raised before the AIC (C) Jabalpur by the Union. Ex. W/2 is the letter according to which these 10 workmen were to take training in the grade of Sampler. It was further stated that after completion of their training they will have to give test on 26-7-77 for consideration of their cases for promotion to the post of Sampler against the available vacancies. Ex. M/1 is another copy of Ex. W/2. Ex. W/3 is the Office order dated 25-11-1974 according to which certain Sampling Assistants were promoted to officiate as Samplers. This was as back as 1974 and is not useful for the purpose of this case.

9. The workmen have failed to point out that the posts were available and the workmen were not promoted. Ex. W/2 is not a Memo which give a right of promotion to the workmen. As per Ex. M/1 dated 28-10-1986 these workmen have been promoted as Sampler Grade II

10. Thus it cannot be said that the vacancies were available and the workmen were not promoted. They are not entitled to any relief. Reference is answered accordingly with no order as to costs.

AWARD

Dated, the 17th March, 1992

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-26012/20/88-D.III (B) dated Nil, for adjudication of the following dispute :—

“Whether the action of the management of Bailadila Iron Ore Project, Dep. No. 14, Kirandul, Bastar (M.P.) in refusing special casual leave to Shri M. P. Pandey, U.D.C. for attending the meeting of Tripartite Regional Review Committee for Safety in Mines, of which he is a member, and in deducting his wages for the period from 25-4-87 to 28-4-87 is justified. If not, what relief is the workman entitled to?”

2. This is a claim of granting special casual leave for the period from 24-4-87 to 30-4-1987 on the ground that Shri M. P. Pandey working as U.D.C. with the management and being member of the Tripartite Regional Review Committee for Safety in Mines having been called to attend the meeting of Jabalpur region and having attended the meeting in the said capacity and having drawn the T.A. and D.A. was entitled to special casual leave which was refused to him.

3. The management says that the meeting did not relate to the Zone to which the workman belongs. His Zone is Bhuvanewar. Therefore he was not entitled to the special casual leave as claimed by him.

4. Reference is, therefore, liable to be rejected.

5. Workman has proved two documents, Ex. W/1 and Ex. W/2 while the management has proved three documents Ex. M/1 to Ex. M/3. Workman has also filed a photo copy of certain instructions relating to T.A. and D.A.

6. Ex. M/1 relates to special casual leave. It does not throw any special right to the facts of this case. Thus the matter is not clear whether he workman could claim special casual leave for attending meeting out of his region. The telegram, Ex. W/2, however, discloses that he was directed by the Manager Industrial Relations, N.M.D.C. Ltd. Hyderabad to grant him special casual leave for attending the meeting. This shows that earlier also he was permitted to attend meeting for Iron Ore Mine Labour Welfare Fund Advisory Committee for M.P. On this analogy irrespective of the fact that the meeting was held at Jabalpur and in view of the fact that the workman was granted T.A. and D.A., there is nothing wrong in granting special casual leave in these circumstances.

7. In the above facts and circumstances, the workman is granted special casual leave for the aforesaid period. However, the Government Concern should take appropriate action to frame rules or regulations in this regard so that such problems do not arise in future. With these observations the reference is answered as under :—

The action of the management of Bailadila Iron Ore Project, Dep. No. 14, Kirandul, Bastar (M.P.) in refusing special casual leave to Shri M. P. Pandey, U.D.C. for attending the meeting of Tripartite Regional Review Committee for Safety in Mines, of which he is a member, and in deducting his wages for the period from 25-4-87 to 28-4-87 is not justified. Workman concerned is entitled to special casual leave with wages etc. for the period 25-4-87 to 28-4-87. No order as to costs.

AWARD

Dated, the 18th March, 1992

The Central Government in the Ministry of Labour vide its Notification No. L-26011/20/85-D.III (B) dated 7th January, 1988 referred the following dispute to this Tribunal, for adjudication :—

SCHEDULE

"Whether the management of the Bhilai Steel Plant is justified in not giving employment to S/Shri Prabhu Ram, Keji Ram and Paras Ram when about 180 workers working with them were employed in regular work on departmentalisation of Drilling Work in 1980. If not, to what relief these employees are entitled ?"

2. The short point in this case is that the contract labour having been abolished in Dallirajhara Group of Mines certain Drilling Operators who were working manually were regularised and certain persons including the workmen under reference was not absorbed. Hence the matter was taken up in conciliation and Agreement Ex. W/1 was arrived at.

3. As per this Agreement the workmen were sent for medical test before the Medical Board.

4. The workmen say that since the management wanted to get rid of these workmen it tried many tricks to carry out their nefarious designs, such as failing them in the trade tests and medical tests etc. As per Settlement dated 11-8-1980 the workman who had been found unfit for appointment were to be referred to Medical Board. The management of Bhilai Steel Plant did not implement this Agreement honestly. As per Settlement, their medical fitness for any category of workmen required for drilling purposes including unskilled job was the criteria for employment but despite the fact that these workmen had worked in skilled category in the same mine authorisably for more than 10 years were found unfit even for unskilled job at the time of departmentalisation. In the process of finding their fitness for any job in drilling purposes was also not carried out.

5. There is a Drilling section in the manual mines of Dallirajhara Group of Mines. This Section is having its own office, maintenance department, store department etc. These sub-sections are not situated in the premises of the Mines and there are number of unskilled designations such as peon, clerical, khafasi etc. available in this Section. In the Mines also there are number of posts of khalasis which are of unskilled nature. These workmen could have been deployed as per Settlement. They have been denied any employment which amounts to victimisation and these workmen are entitled to be regularised with all legal benefits including back wages, gratuity, retrenchment compensation etc.

6. According to the management, these workmen were not found fit and therefore these workmen could not be taken in service and others have been employed. There is no malafides. The management does not dispute that the Drilling Section in Dallirajhara Mines has various Sub-sections but because the Medical Board has not considered these three persons suitable in mines the question of their employment did not arise. There is no victimisation. Reference is liable to be rejected.

7. Reference was the Issue in this case.

FINDINGS WITH REASONS :

8. Two documents, Ex. W/1 and Ex. M/1 have been proved. No oral evidence has been led by the parties. Undisputedly as per Ex. M/1 the Medical Board found these workmen unfit as Driller but found them fit for unskilled job outside the factory or mines.

9. Now coming to the Settlement Ex. W/1, the relevant Clause (2) of which is as under :—

"(2) The cases of 4 workmen, who have been found medically unfit for appointment, will be referred to the Medical Board. The Medical Board will be requested to give their finding about their medical fitness and also their opinion about absorption in any of the categories of workmen required for drilling purposes (including unskilled jobs) and subject to the opinion of Medical Board, the management shall provide employment to the workmen in appropriate categories."

10. If emphasis is laid on the words "required for drilling purposes" as per satisfaction of the Medical Board these workmen are not fit for the same whether job is skilled or unskilled. The workmen have chosen their forum as per Settlement. The forum has decided the matter. Obviously, the terms of settlement do not give a right to the workmen to be employed in the office outside the mines as stated by them.

11. The workmen are, therefore, not entitled to any relief. Reference is accordingly answered as follows :—

Management of the Bhilai Steel Plant is justified in not giving employment to S/Shri Prabhu Ram, Keji Ram and Paras Ram when about 180 workers working with them were employed in regular work on departmentalisation of Drilling work in 1980. They are not entitled to any relief. No order as to costs.

AWARD

Dated, the 9th March, 1992

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No L-15012/4/88-D.III (B) dated 9th March, 1989, for adjudication of the following dispute :—

“Whether the action of the management of Central Warehousing Corporation, Regional Office, Bhopal in terminating the services of Shri Rajendra Kumar, Shri Shivanarayan Shrivastava, Shri Kumar Khubani, Shri Rajendra Kumar and Miss Nisha Pawaiyya, Warehouse Asstt. Grade-II w.e.f. 31-1-1988 is justified. If not, what relief are the workmen entitled to ?”

2. S/Shri Rajendra Kumar, Shivanarayan Shrivastava, Kumar Khubani, Rajendra Kumar Verma and Miss Nisha Pawaiyya, Warehouse Asst. Grade. II have filed their different statements of claim but since their cases are common I will deal with their cases jointly.

3. Undisputed facts leading to this case are that the workmen concerned were appointed by the management as Warehouse Assistant Grade II on daily wages on the rates fixed by the Collector of the concerned area for a period of three months. Their services were extended twice. According to the management these workmen could not pass typing test as desired by the management. They had put up more than 240 days continuous and uninterrupted service. Their services are said to have been terminated w.e.f. 30-1-1988 along with payment of Rs. 660 to each workman towards retrenchment compensation.

4. According to Shri Rajendra Kumar Verma, he was appointed vide Memorandum No. CWC/RO-BPL/1-DW/Estt/86-87/16155 dated 21-2-1987 and joined his duties at Indore on 3-3-1987. He was directed to appear and pass typing and written test on 12-4-1987 for his regularisation. After performing his continuous service for more than 277 days without any interruption the management vide his Order dated 27-1-1988 terminated the service of the workman.

5. The workman, Shri Shivanarayan Shrivastava, says that he was appointed vide Office Memorandum No. CWC/RO-BPL/1-DW/Estt/86-87/15565 dated 11-2-1987. After accepting the terms he joined his duties on 27-2-1987 at Raipur. He performed his duties for more than 277 days uninterruptedly and his services were also terminated vide Order dated 27-1-1988.

6. Shri Kumar Khubani, workman concerned, says that he was appointed vide Memo. No. CWC/RO-BPL/1-DW/Estt/85-86/79 dated 24/3-2-1986 and he joined his duties on 23-4-1986 at Indore after accepting terms and conditions. He was asked to appear in typing and written test on 12-4-1987 for his regularisation but according to the management he did not pass the test. Even thereafter he was given extension vide order dated 23-7-1987 and his services were ultimately terminated vide Order No. CWC/RO-BPL/WAG-II (Rectt)

Estt dated 27-1-1988 after performing continuous service for more than 584 days.

7. Shri Rajendra Kumar Goel, workman concerned states that he was appointed vide Order No. CWC/RO-BPL/1-DW/Estt/85-86/13568 dated 3-1-87 and CWC/1-WA-II (D) R) Estt/15049 dated 2-2-87. After accepting terms he joined his duties on 7-2-87 at Khandwa. He was directed to appear and pass typing and written test on 12-4-87 for regularisation, continuation and extension of service which according to the management he could not pass. Even then his services were extended vide order dated 13-7-87, but after performing 358 days continuous service his services were terminated vide Order dated 27-1-1988.

8. Coming to the case of Miss Nisha Pawaiyya, she states that she was appointed vide Office Order No. CWC/RO-BPL/1-DW/Estt/86-87/16674 dated 4-3-1987. She joined her duties at Bhopal on 17-3-1987 after accepting the terms and conditions. She was asked to appear typing and written test on 12-4-87 and 23-8-87 for her regularisation, continuation and extension of service. According to the management, she did not pass the test and even then she was given extension vide Order dated 13-7-87. She performed her duties continuously for more than 277 days, but her services were terminated vide Order dated 30-1-1988, No. CWC/RO-BPL/1-AG-II (Rectt) Estt).

9. The common case of all the workmen is that there was no stipulation in the contract of service that they will have to undergo a written/typing test after their appointment. They were sponsored by the Employment Exchange and appeared in the written and typing test prescribed by the Corporation and only thereafter having been found successful they were interviewed by the Selection Committee appointed for the said purpose and were consequently appointed on daily wages for a period of three months and their services were extended.

10. There was no such condition that the workmen were required to again appear in any interview written or typing test for their regular appointment, continuation, extension in service. The change in conditions of service by the management in the later stage is breach of service condition having been appointed after passing written/typing test and interview. They should not have been subjected to pass any further test or interview. They had completed more than 240 days of continuous service and should have been regularised without any condition. Their performance was satisfactory and unblemish during their entire service period; hence termination without any enquiry for any reason whatsoever is void ab initio being retrenchment simpliciter. There is also violation of the provisions of Section 25-G and H of the I. D. Act and after termination of services of these workmen fresh hands on regular basis in the same capacity were appointed. Thus the principle of last come first go has not been applied. It amounts to unfair labour practice. The conditions precedent to retrenchment of workmen have not been followed as no notice in the prescribed manner was served by the management to the appropriate Government under Section 25-F (c) of the I. D. Act. Thus retrenchment without applying with the provisions of Section 25-F would be void ab initio. They are, therefore, entitled to be deemed in continuous service and the order of their termination or of service is liable to be quashed. They are also entitled to all the back wages and consequential benefits with costs of these proceedings.

11. The management says that the appointment of these workmen was on purely temporary basis for a period of three months only. Shri Rajendra Kumar Verma joined on 3-3-1987 at Indore, Shri R. K. Goel joined on 7-2-87 at Khandwa, Shri Kumar Khubani joined on 23-4-1986 at Indore, Shri Shivanarayan Shrivastava joined duty on 27-2-1987 at Raipur and Miss Nisha Pawaiyya joined duty on 17-3-1987 at Bhopal.

12. The appointment letter specifically stipulate that the appointment is for a specific period of three months. As per Rules appointments are made through the Employment Exchange, but no written or typing test was insisted upon at the time of their appointment, only a formal interview was taken and out of the conditions sponsored by the Employment Exchange only these workman were appointed.

13. In pursuance of the Central Ware Housing Corporation (Staff Regulation), 1986 all the applicants were called to appear in a written/typing test on 12-4-1987 in order to regularise them in service. It was held on 12-4-1987 but none of them were able to qualify. As they failed to qualify a letter was issued to them stating that their service was extended and extension was given up 31-12-1987. Again vide Circular dated 12-5-1987 the Central Ware Housing Corporation called upon these workmen to appear in written/typing test for regularisation which was held on 23-3-1987. Thus two chances were given to the workmen concerned to qualify themselves in the written test and these workmen having failed to qualify as per Regulation the Central Ware Housing Corporation was left with no option but to discharge them from service with effect from 30-3-1988 after giving them retrenchment compensation as required under the provisions of Industrial Disputes Act. Though it was not necessary because the contract was for a specific period even then they were given retrenchment compensation. The workmen have no legal right to regularisation or getting permanent employment by bye-passing the Regulation laid down. There was no unfair labour practice. The persons duly qualified having passed the test have been appointed. There is no violation of any of the provisions of I. D. Act and the reference is liable to be rejected.

14. Reference was the issue in the instant case.

FINDINGS WITH REASONS :

15. The management has proved as much as 42 documents. Ex. M/1 to Ex. M/42 and has also examined N. C. Jain as MW-1. Workman have examined Rajendra Kumar Verma (WW-1), Shivanarayan Srivas (WW-2), Rajendra Kumar Goyal (WW-3) and Kumar Khubani (WW-4).

16. At the outset, I must point out that WW-1 in Para 9 of his cross-examination, Rajendra Kumar Goyal in para 12 of his cross-examination have admitted that at the time of their initial appointment no written or typing test was held and that they were appointed on the basis of interview. Kumar Khubani (WW-4) however stated that his written and typing test was taken at the time of his initial appointment. In view of the testimony of N. C. Jain (MW-1) who has categorically stated that no written or typing test was held at the time of initial appointment of the workmen must be believed in view of the evidence and inconsistencies in the case of the workmen.

17. The management has filed various documents to show that there was a circular that they should undergo a typing test. They were daily rated employees simpliciter. The management has substantially proved that the workmen who stood the test have only been appointed. The management had given two opportunities to these workmen to appear in the written test and qualify for their regularisation. It has always to be kept in mind that they were daily rated workmen and no management would like to keep a servant who is not competent for the job as per its own Regulation. The workmen who were given sufficient opportunity to qualify the test cannot now come forward and say that they had a right to be regularised.

18. Since they had completed 240 days continuous service they have been paid retrenchment compensation.

19. The only violation of Section 25-F(c) of the I.D. Act as pleaded though not proved is that the appropriate Government was not noticed. This is a technical mistake for which the management can be penalised.

20. The cases of Daily Rated Casual Employed under P. and T. Department through Bhartiya Dak Tar Mazdoor Manch Vs. Union of India and others (W.P. Nos. 373 and 302 of 1986 reported in 1987-1-LLJ P. 370 decided by the Supreme Court and Jacob M. Puthuppanambal & others Vs. Kerala Water Authority and others etc. etc. reported in 1991-11-LLJ (SC) P. 65 do not apply to the facts of this case. In the case of daily rated casual employee who had worked for 10 years as casual labourers were not regularised. In the case of Jacob the workman had a long service record with a requisite qualification.

21. It is true that in the instant case at the time of initial appointment there was no condition that they will have to undergo for typing test, but at the same time it has to be

kept in mind that this was an agreement of contract as casual daily workmen for a period of three months only and therefore their services were extended to see that they qualify the test as per Circular (Ex. M/11 etc.) and for this the management should not be forced to employ the persons who are not fit for the job. According to the management the workmen should not be given advantage of the concession given to them.

22. Most of the workmen have admitted that they were called for written/typing test but they could not qualify. According to the management, two opportunities were granted to them and this fact has been admitted by Miss Nisha Pawaiyya in para 2(f) of her statement of claim. Thus the testimony of MW-1, N. C. Jain, must be accepted that the workmen were provided two opportunities but they failed to qualify the test. The test was for regularising these workmen and sufficient opportunity was given to them. To repeat they were daily rated workmen who were employed for a fixed period. Thus if they were sought to be regularised in accordance with the Regulation of the Management the earlier terms of service would not come in the way.

23. Thus the workmen are not entitled to any relief. The Reference is accordingly answered as follows :—

The action of the management of Central Warehousing Corporation, Regional Office, Bhopal in terminating the services of Shri Rajendra Kumar, Shri Shivanarayan Shrivastava, Shri Kumar Khubani, Shri Rajendra Kumar and Miss Nisha Pawaiyya, Ware House Asstt. Grade-II w.e.f. 30-1-1988 is justified. They are not entitled to any relief. Parties to bear their own costs.

The Central Government in the Ministry of Labour vide its Order No. L-11011/7/90-IB (Misc.) dated 8/90 has referred the following industrial disputes to this Tribunal for adjudication :

"Whether the action of the management of Indian Airline, New Delhi in giving Rs. 16 as meal allowance to the drivers while giving Rs. 22 to other employee such as loaders/staffs and some other drivers is justified. If not, to what relief the Drivers concerned are entitled ?"

2. None was present on behalf of the workman on 25-3-92. None was present on the last date i.e. 26-2-92 and an application was received from the workman representative that he wanted to withdraw the case. A fresh notice was sent on the basis of the said application but no one appeared on 25-3-92 as well and it appears that the workman has settled the matter with the management and no dispute exists between the parties for adjudication. No dispute award is, therefore, passed in this reference leaving the parties to bear their own costs of this dispute.

Employers in relation to the management of State Bank of India.

AND

Their Workman.—M. M. Sethi.

For the workman.—Workman in person.

For the management.—Shri V. K. Gupta.

AWARD

Central Govt. vide gazette notification No. L-12012/295/88-D.III(A) dated 1-8-1990 issued U/s. 10(1)(d) of the I.D. Act 1947 referred the following dispute to this Tribunal for decision on a dispute raised by M. M. Sethi :—

Whether the action of the management of State Bank of India in reducing the pay of Shri M. M. Sethi to next lower stage for a period of one year and confirming his suspension period is justified? If not to what relief the workman is entitled to?

Whether the action of the management of State Bank of India in transferring Shri M. M. Sethi from Clement Town Branch to Chakrata Branch is justified? If not, to what relief the workman is entitled to?

2. In the Statement of claim it was alleged that he was permanent employee of the bank and working as teller and was transferred to Chakrata Branch on 9-7-87 with mala-fide intention to harass him. It was further alleged that while working as teller at Dehradun he was suspended w.e.f. 11-1-85 on fabricated charges for committing acts of misconduct and indecent behaviour in the premises of the bank. He denied all the charges. In spite of that inquiry was held by Shri D. P. Sharma and after conducting the inquiry the inquiry officer reported that the charges have not been proved. On receipt of the inquiry report the Regional Manager (disciplinary authority) quashed the inquiry proceedings and ordered *denovo* inquiry and Shri U. N. Challu was appointed as inquiry officer. However no *denovo* inquiry was held but the punishment was imposed upon him reducing his basic pay to the next lower stage for a period of one year and the workman will not be

eligible for any salary and allowances except the subsistence allowance already paid. It was alleged that the order of the disciplinary authority dated 6-6-87 is void, and illegal, when the inquiry proceedings were already quashed by the disciplinary authority. It was further alleged that prosecution witness did not support the case of the bank and disciplinary authority wrongly relied on the written statement of one of the visitor Shri Dutta who had not turned up for the purpose of cross-examination was wrongly relied. It was further alleged that the branch manager was biased against him and got bogus complaint. It was further alleged that he was put to mental torture and harassment, for which he had represented to the regional manager for unfair labour practice. It was further alleged that he was transferred to Chakrata branch vide order dated 9-7-87 by the branch manager who is not competent to transfer the workman from one branch to another branch. The transfer was against the transfer policy and the circular no. 117 of 1983. The transfer was effected only to harass, torture and victimise him. The punishment awarded by the disciplinary authority is also illegal, unfair, unjustified and arbitrary. It was further alleged that the inquiry officer had already exonerated him and the disciplinary authority quashed the inquiry proceedings and no *denovo* inquiry was held thus no punishment was called for. Therefore the punishment awarded is against the principle of natural justice. It was therefore prayed that the order of disciplinary authority awarding him punishment be quashed and his increment be restored and they be directed to make payment of the salary and allowances from 10-7-87 to 31-8-87, treating him on duty.

3. The claim of the petitioner was contested by the management and the preliminary objection was taken that this court has not jurisdiction to interfere in the transfer of the applicant and the management has full right to transfer him keeping in mind the exigencies of services, vacancies available in the branches and seniority of district level for the post of teller. Objection was taken that there was no vacancy available for the post of teller in the local branches. It was further stated that Chakrata branch also falls within the district of Dehradun. It was further stated that workman has been paid all the legitimate benefits and the arrears. Further the stand was taken that disciplinary authority has given cogent reasons while differing with the views of the inquiry officer and the principle of natural justice has been complied by the bank while giving due opportunity to the workman. The inquiry is fair, legal and justified. It was further pleaded that in case inquiry is proved otherwise the bank reserve its right to lead evidence to prove the charges before the Hon'ble Tribunal. On merits the allegation levelled by the petitioner have been denied. However procedural sequences of the inquiry more or less has been admitted by the management. It was further submitted that *denovo* inquiry against the petitioner was dropped against the workman on the objection of the State Bank of India Staff Association. The tentative decision of the disciplinary authority dated 6-6-87 was conveyed to the workman and the personal hearing was also given to the workman on 15-7-87. The disciplinary authority confirmed his tentative decision and conveyed it to the petitioner on 29-7-87. It was further stated that statement of Inderjit was material and can be read independently without any corroboration. It was further alleged that 'other prosecution witnesses only regretted to recollect their memory being the incident very old. It was denied that the branch manager was biased against the workman and got obtained false complaint against him. However the management took the stand that transfer of the workman to Chakrata branch was within normal service conditions. The management further took the stand that the transfer of the workman was effected by the order of the regional manager and not the branch manager. Further management took the stand that the circular no. 117/1983 is not applicable in the case of the workman as he was working as permanent teller. Further services of the workman governed by circular no. 180 of 1985. It was denied that the punishment awarded to the petitioner is illegal, unjust and arbitrary and prayed for the dismissal of the reference.

4. Replication was also filed reasserting the claim made in the claim statement.

5. The petitioner in support of his case examined himself as WW1 and tendered in evidence his affidavit and other documents Ex. W1 to W2. He was cross-examined. He admitted his application Ex. M10 moved before the A.L.C. and also Ex. M11. He denied that he had misbehaved with the branch manager or with any other officer. He also denied that full opportunity was given to him to defend himself in the inquiry. He admitted that he has given personal hearing on 15-7-1987 before the disciplinary authority. He also admitted that the Regional Manager has empowered to transfer the award staff.

The management produced one Shri Manohar Lal Personal Officer State Bank of India Zonal Officer as MW1 who filed his affidavit Ex. M12. Management also relied the documents Ex. M1 to M9. In cross-examination he has admitted that the regional manager quashed the inquiry proceedings and ordered denovo inquiry. He denied that the inquiry officer exonerated the petitioner and stated that rather he gave a vague observation that the presenting officer could not prove the charges.

Both parties have filed written arguments and also addressed oral arguments. The workman has strongly argued that the inquiry officer has exonerated him of all the charges and not only this disciplinary authority had also quashed the inquiry proceedings and had ordered denovo inquiry which was never held and this order of the disciplinary authority imposing punishment of reducing pay to the next lower stage for a period of one year are without any foundation. On the contrary rep. of the management has also laid a stress that the findings of the inquiry officer is not binding on the disciplinary authority. After perusing the whole record and contention of the management can not be accepted. Ex. W2/1 which has been admitted by the management is the report of the inquiry officer in which the whole proceedings have been discussed and in the concluding para he has given findings which are reproduced as under :—

"In view of the foregoing I conclude that the branch Manager has not been able to prove the charges framed against Shri M. M. Sethi."

After perusing this documents no dispute is left that the inquiry officer has clearly indicates that the management had not prove the charges against Mr. Sethi and thus obviously comes to the conclusion that the petitioner has been exonerated by the inquiry officer. Not only this the disciplinary authority (Regional Manager) vide letter dated 6-12-87 which is Ex. W3 has also quashed the inquiry proceedings and ordered denovo inquiry which was never held by the respondent management against the petitioner and the inquiry as discussed above held by Sh. D. P. Sharma has already been quashed by the disciplinary authority i.e. Regional Manager. Therefore, inference can easily be drawn that the punishment imposed by the disciplinary authority certainly without any foundation when the inquiry officer in his report as categorically stated that the management has not been able to prove the charges against the petitioner and the inquiry too was quashed by the disciplinary authority and thus there was nothing which could be available to the disciplinary authority before passing the order dated 6-6-87 (Ex. W4) imposing punishment.

The order of punishment is the last stage of the disciplinary action. If charges levelled against the delinquent workman has proved before the inquiry officer that will be foundation for the punishment. If the charge is not proved there will be no foundation for inflicting punishment. In other words if the domestic inquiry is held to be quashed by the disciplinary authority and order of punishment based on such inquiry will automatically fall. Therefore, considering the aspects discussed above the disciplinary authority was not within its competence to inflict any punishment on the petitioner. Therefore, impugned order dated 6-6-87 Ex. W4 of the disciplinary authority is set aside and the issue is decided in favour of the petitioner.

At this stage the representative appearing on behalf of the management has prayed that the sufficient opportunity be given to the management to prove the charges in view of the fact that the inquiry has held to be vitiated. I am not convinced with the argument advanced by the representa-

tive of the management in the peculiar circumstances of the case. The inquiry has not been vitiated in the adjudication but the same was quashed by the disciplinary authority before inflicting punishment and ordered for a denovo inquiry which was never done. At this stage it is not open to the management to take up this plea. At this juncture representative of the management has pointed out that the denovo inquiry could not be held in view of the fact that the petitioner had moved an application before the Asstt. Labour Commissioner on 22-12-86 for the stay of the denovo inquiry. Again this plea is without any force. No doubt the petitioner had moved an application Ex. M10 before the A.L.C. for the stay of the denovo inquiry but the same was ultimately withdrawn vide Ex. M11. Therefore, this plea raised by the management is neither here nor there.

Next point of reference relates to the transfer to the petitioner from Dehradun to Chakrata Branch. The plea raised by the petitioner that his transfer is prima facie violation of the transfer policy and the Bipartite settlement and has been done to harass him. The plea taken by the respondent is that the transfer has been effected only on account of administrative exigencies. The record has been perused to this effect. The petitioner had referred me to the transfer policy Ex. W18 and W19 and the management also referred the transfer policy for clerical staff Ex. M2 which lays down that the transfer would be made within the same Centre/Municipal/Urban Area. The transfer policy as referred by the workman also lays down certain norms. It inter shell the clerical Staff with five year or longer stay are liable for transfer within the same centre and the policy does not cover single branch, centre and further contains that the employee due for in cadre promotion in cadre promotion will invariably will be transferred to another branch at the same station or outside if they have completed five years at one office. However contention that the transfer of employee who have appointed on in cadre promotion such as teller, deputy head cashier, Asstt. head cashier on the basis of branch seniority need not be effected in this policy except when considered absolutely necessary. However this circular dated 25-4-84 (Ex. M2) was circulated on 14-6-85 vide Ex. M1 although workman had already been promoted in the year 1978 much prior to the circular referred by the management. The representative of the management has laid a stress that the transfer are made on account of administrative reasons and courts should not generally interfere with the transfer. I however do agree with the contention of the rep. of the management to the effect that the Courts should not interfere in the affairs of the transfer of the employees as generally they are made on account of administrative exigencies but at the same time it is the duty of the Courts to see whether the transfer should not be outcome of victimisation, harassment or torture to the petitioner. However in the present case Ex. M6 and Ex. M7 are the transfer orders of the petitioner from Clement town branch to Chakrata Branch. It is also pointed out that there are 10-12 branches of the bank which are situated in proper Dehradun. The transfer order was passed on 9-7-87 immediately after when the punishment was imposed upon him on 6-6-87. This indicate a little co-relation to the punishment and the transfer. Therefore, keeping in view of the circumstances discussed above various transfer policies and the transfer of the petitioner immediately after imposing of the punishment this is to be set aside. Therefore, transfer order of the petitioner from Clement town branch to Chakrata Branch is also set aside and this is also decided in favour of the workman.

In view of the discussion made in the earlier paras the reference is decided in favour of the workman.

Further the petitioner has also made an application U/s. 33-C(2) of the ID Act 1947 directing the management to pay arrears of stagnation increment due to the petitioner since October 1988 with interest 15% per annum to be calculated on monthly basis till date of payment and also for the incidental charges. This is the off shoot of the present reference. Since in the reference, order of punishment has been quashed and thus the petitioner is entitled for all incidental benefits accrued on account of quashing

of the punishment order. However interest is to be calculated @ 12% per annum till payment.

Employers in relation to the management of State Bank of India,

AND

Their workman,—R. K. Govind Singh.

For the workman.—Shri J. B. Garg.

For the management.—Shri A. C. Jaidka.

AWARD

Central Govt. vide gazette notification No. L-12012/21/88-D.(II)(A) dated 10 Feb. 1989 issued U/s. 10(1)(a) of the I.D. Act 1947 referred the following dispute to this Tribunal for decision on a dispute raised by R. K. Govind Singh :—

“Whether the action of the State Bank of India represented through the Deputy General Manager, and Regional Manager, Sr Nagar, in awarding punishment to Shri R. K. Govind Singh of reverting him from Record Keeper to Subordinate cadre and reducing his pay to the starting stage of scale in subordinate cadre is justified? If not, to what other relief the workman is entitled and from what date?”

2. In the claim statement it was alleged that the petitioner was charge sheeted for certain alleged acts of omission and commission. Inquiry was held and the inquiry officer held him guilty of the charges and the disciplinary authority also agreed to the findings of the inquiry officer and the punishment was awarded to him (i) to revert the petitioner to the subordinate cadre where he was promoted (ii) reduce his basic pay to the starting stage of the scale in the subordinate cadre. It was further alleged that he submitted representation for reconsideration of the decision but all

in vain. It was further alleged that there is no provision in any of the awards or agreements which empowers the disciplinary authority to punish the petitioner by reverting to him to his original cadre and also fixing his pay at the starting stage of the subordinate cadre. It was further alleged that the action of the disciplinary authority is without any provision or authority in any of the rules, awards, agreement. It was prayed that the order dated 15-4-1985 inflicting the above said punishment be declared null and void and directions be issued to the bank to restore his position without having no effect of the illegal order.

3. The claim of the petitioner was contested by the respondent management. The management took up the plea that the petitioner had defrauded some of the depositors viz. Gayatri Devi having SB account No. 4/3180, Shash Pal having account No. SB 2189, Rawal Singh having SB Account No. 4652 and Attar Singh having SB No. 4691. Further plea was taken that the petitioner had confessed having committed the fraud vide letter dated 27-9-1983. It was further contested that based on the findings of the inquiry officer the disciplinary authority was of the view to dismiss the petitioner from the banks service. However before inflicting the punishment the personal hearing was given to the petitioner on 15-4-1985 and the disciplinary authority considering the long service and the members of the dependent decided to commute the original penalty of dismissal to reversion to his original subordinate cadre and placing him at the bottom of the grade. It was further stressed that the petitioner require dismissal.

4. Replication was also filed reiterating the claim made in the claim statement.

5. In support of his case the petitioner tendered his affidavit Ex. W1 in evidence and produced himself as WW1 and also tendered Ex. W2 copy of the letter dated 25-5-1985 in evidence and Ex. W3 U.P.C. In cross-examination he has denied that he never filed any appeal. He admitted that he received the notice of tentative decision of dismissal. He has also stated that he had not requested for lesser punishment than the dismissal.

Respondent management produced Shri T. K. Wali who filed his affidavit Ex. M1 in evidence and also produced Ex. M2 inquiry report dated 22-9-1984, Ex. M3 the inquiry proceedings, Ex. M4 finding of the inquiry officer and Ex. M5 tentative decision of the disciplinary authority dated 17-10-1984, Ex. M6 final decision of the disciplinary authority dated 1-5-1985 and Ex. M7 order of the disciplinary authority dated 15-4-1985. In cross-examination he has admitted that he can not give the exact 'clause' of the awards or the agreement under which the punishment was awarded. Further he has denied the suggestion that there is no such provisions in the award to inflict the punishment as awarded to the workman.

6. The representative of the workman in all fairness in the arguments has not challenged the inquiry proceedings as well as the findings of the inquiry officer either in the claim statement or in evidence or during the course of arguments. What has been assailed is the order of the disciplinary authority dated 15-4-1985 on the ground that the punishment inflicted by the said impugned order is neither provided in the service rules nor in any of the bipartite settlement or in the Sastri Award and has referred to this Court the provisions of the Bipartite Settlement and the Sastri Award. After pursuing the same no dispute is left that the punishment awarded to the petitioner reverting him to subordinate cadre from where he was promoted and reducing his basic pay to the starting pay of the scale in the subordinate cadre is neither prescribed in any bipartite settlement referred or in any of the awards. The representative appearing on behalf of the management has also not been in position to show this Court any provision in which the above said punishment is provided. Mr. T. K. Wali MW1 when appeared on behalf of the management has stated in cross-examination that he can not give the exact 'clause' of the Award or agreement in which the punishment is awarded. There is also no dispute with the proposition of law that when final order of the disciplinary authority is bad it only vitiate the final order and not the earlier

proceedings and earlier proceedings upto the stage of immediately before the final order will not be invalid. The withdrawal or the cancellation of the order of dismissal will not mean withdrawal or cancellation of the charges.

In view of the observations made in the earlier para since the petitioner had not assailed the inquiry proceedings as well as inquiry report and has only assailed the punishment order passed by the disciplinary authority and the same is not in accordance with the bipartite settlement or the award for which the respdt. management is unable to rebut, this order dated 15-1-1985 (Ex. M7) inflicting the punishment upon the petitioner is declared as null and void and is set aside. Further it is open to the disciplinary authority to impose any other punishment as provided in the bipartite settlement or in the awards taking into consideration all the norms as observed earlier by the disciplinary authority while passing the impugned order however within two months. The award is answered accordingly. Chandigarh.

AWARD

1. The Central Government, Ministry of Labour, vide its notification no. L-40011/15/89-D-2(B) dt. 15-5-90, has referred the following dispute for adjudication to this Tribunal :—

Kya Doorsanchar Upmandaliya Adhikari Bijnaur dwara Sri Ramesh Singh putra Sri Lallu Singh dinank ko 29-3-89 se Sri Surendra Bahadur putra Sri Raghubir Prasad ko dinank 30-3-89 se, Sri Ramesh Singh putra Sri Kallu Singh ko 30-3-89 se Sri Chandra Pal Singh putra Lallu Singh ko dinank 30-3-89 se Sri Naubahar Singh putra Mahendra Singh ko dinank 30-3-89 se Sri Krishna Pal Singh putra Sri Banwari Singh ko 30-3-89 se Sri Ashok Kumar putra Nanak Chandra ko 1-11-88 se तथा श्री सुरेश सिंह पुत्र श्री हारसल सिंह को मार्च 89 से नौकरी के निश्चित कर्ना न्ययचित है ? यदि नहीं तो कर्मकर को अनुरोध के अधिकारी है ?

2. The industrial dispute on behalf of the above named 8 workmen has been raised by Branch Secretary, Akhil Bhartiya Tar Yantrik Karamchhari Sangh Line Staff Avam Chaturtha Varg Doorbhash Kendra Dhampur.

3. The Union has filed separate claim statement in respect of each workman. The details of working in respect of each workmen as given by the Union are as under :—

Sl. No.	Name	Period of work	No. of working days
1	2	3	4
1.	Ramesh Singh, S/o Lallu Singh		
2.	Surendra Bahadur	9-1-86 to 29-3-89	978
3.	Ramesh Singh, S/o Kallu Singh	5-3-86 to 29-3-89	700
4.	Chandra Pal Singh	7-8-85 to 29-3-89	800
5.	Nav Bahar Singh	Jan. 84 to 20-3-89	801
6.	Krishan Pal Singh	July, 83 to 29-3-89	813
7.	Ashok Kumar	Mar. 85 to 1-11-88	526
8.	Suresh Singh	1-10-78 to March 89	940

4. The Union alleges that in terms of Section 25-B I.D. Act each workman had completed 240 days of working. According to the Union vide letter no. Estt./G-30/Ch-11/2 of General Manager Telecom Uttar Pradesh Circle, the surplus staff with any of the officers of the Telecom Department has to be transferred to other places where the work is going on and that there should be no intake of fresh casual labour. The Union further alleges that working jurisdiction of the Telecom. Deptt. being very wide even junior hands are still working. In the circumstances, the termination of the services of the workmen is bad in law. In view of them law laid down by the Hon'ble Supreme Court, termination of services of even those workmen who had been engaged after 30-3-85 is illegal. The Union has, therefore, prayed for the reinstatement of all the workmen with full back wages and for regularisation of their services.

5. The case is contested by the management of the Telecom Department Bijnaur. With regard to Sri Ramesh Kumar son of Sri Lallu Singh workman, the management

while admitting the date of his initial appointment plead that he had been absent for more than six months from November 1978 to July 1979, December, 1980 to Jan. 83, and June 1984 to November 1985, without any information. Since he was absent without information for more than 6 months and had not got his absence condoned from the competent authority, in terms of PS Estt./G-39/85/Ch-11/27-5-88 of the General Manager Telecom Department U.P. Lucknow he would be deemed to have been engaged after 7-5-85. As regards Sri Surendra Bahadur workman, the management while admitting the date of his initial appointment plead that since he had joined on 9-1-86 i.e. after 7-5-85, the management was justified in terminating his services in terms of the above mentioned letter dt. 27-5-88. As regards workman Sri Ramesh Singh son of Sri Kallu the management while admitting the date of his initial appointment plead that since he was engaged after 7-5-85, his services were rightly terminated in terms of the above mentioned letter dt. 27-5-88. Almost the same plea has been raised by the management with regard to workman Sri Chandra Pal Singh whose date of initial appointment dated 7-8-85 has not been challenged by the management. In respect of Sri Nav Bahar Singh workman the management while admitting the date of his initial engagement plead that he had been absent without information for more than six months from December 1984 to February 1987 and he had not even obtained from the competent authority a certificate condoning his absence. As such in terms of the above mentioned letter dt. 27-5-88 he would be deemed to have been engaged after 7-5-85. About Sri Krishan Pal Singh workman the management admit the date of his initial appointment as given in the claim statement. The management plead that he had been absent from August 1983 to Jan. 1984, June 1984 to June 1985 and August 1985 to July 1986. Since he had remained absent without information for more than six months and had not obtained any certificate from the competent authority for condonation of his absence, in terms of the above mentioned letter dt. 27-5-88, he would be deemed to have been engaged after 7-5-85. With regard to Sri Ashok Kumar workman, the management admit the date of his initial appointment. According to the management he had been absent from September 1985 to January 1987 and May 1987 to October 1987. Since he had been absent for more than six months without information and has not got his absence condoned from the competent authority he would be deemed to have engaged after 7-5-85 in terms of the above mentioned letter. Sri Suresh Singh is the last workman, about him the management admit the date of his initial appointment. According to the management he was absent from duty without any information from June 1979 to July 1983, March 1984 to November 88 for more than six months without information of the Department. Since he did not get his absence condoned from the competent authority he would be deemed to have been engaged after 7-5-85 in terms of the above referred letter dt. 27-5-88.

6. The management have then raised general pleas in respect of all the workmen. According to the management section 25 of the Industrial Disputes Act, 1947, is not applicable to the Telecom Deptt. Every workman is engaged for one month or for some days under the work order as such the work order is itself a notice to the workman. The management while admitting the fact that vide letter no. Estt. G-39-85 Ch-11/2 surplus staff as far as possible be transferred to other Units where the work is available but the benefit of the said letter cannot be availed of by the workmen as they were treated as having been engaged after 7-5-85.—In view of all this, according to the management, the workmen are entitled to no relief.

7. In support of its case, the Union has filed documentary evidence and has examined Sri Shyam Lal Branch Secretary of the Union. On the other hand, the management have simply relied upon documentary evidence. Almost all the documents filed by the management have either been admitted or their formal proof waived by Sri Bhola Nath Agrawal, the authorised representative for the management.

8. It is a case in which the only point to be examined is whether there had been any breach of the provisions

of section 25F I.D. Act, by the management or not. The plea raised with regard to sec. 25G was not pressed by the authorised representative for the Union, Sri Bhola Nath Aggarwal. Further I may state here that the question of regularisation of services of the workmen in the instant case does not arise in view of the reference order. The reference order simply calls upon the Tribunal to decide the question whether or not the termination of the services of the workmen by the management was justified.

9. For the application of section 25F I.D. Act, all that we have to see is whether the workmen had worked for 240 days or more within the period of 12 months preceding the date of their termination of their services. The matter stands concluded in this case by the documents filed by the management. The management have filed statement showing yearwise working of the workmen.

New Delhi, the 30th March, 1992

S.O. 1147.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Kanpur as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Forest Research Institute and College, Dehradun and their workmen, which was received by the Central Government on 27-3-1992.

AWARD

1. The Central Government, Ministry of Labour, vide its notification No. L-42012/39/89-D.II(B) dt. 13-12-89, has referred the following dispute for adjudication to this Tribunal: "Kya Forest Research Institute & College Ka prabandh-tantra dwara Smt. Kiran Bala Ko dinak 1-7-88 se n'shbashit karana nyayochit hai? Yadi nahi to sambandhit karamchhari kis anutosh ka adhikari hai?"

2. The workman's case in short is that she was appointed against a permanent post for doing the work of permanent nature on 20-4-87 and she continued as such on the said post till 30-6-88 whereafter her services were terminated in violation of the provisions of Section 25-N I.D. Act and without following the principles of last come first go. She further alleges that after termination of her services, the management have kept two persons. She has, therefore, prayed for her reinstatement in service with full back wages, and all consequential benefits.

3. In defence the management plead that in the beginning she was engaged as a casual labour on daily wages for three months on 20-4-87 to complete the pending work. The management deny that there ever existed any permanent post. According to the management since her services were no longer required, her services were terminated w.c.f. 1-9-88 by means of a notice dt. 10-6-88. The management deny that any body was kept in her place after the termination of her services. In fact the work for which she was engaged was over at the time when of her services were terminated.

4. In her rejoinder the workman has denied that in the beginning she was kept for only 3 months. She denies that she was ever served with any notice dt. 10-6-88 before terminating her services. She also denies that on termination of her services the work for which she was engaged was over. She was in fact working on the post of Record Keeper two posts of which were lying vacant since 1947. Instead of filling up the post the management have been getting the work of the post done from daily wagers.

5. In support of her case the workman has examined herself. On the other hand in support of their case the management have adduced both oral and documentary evidence. The management examined Sri S. K. Kohli, Officer Incharge Service Branch and filed copies of Muster Rolls from July 1989 to June 1988. Since this document has been admitted by the

1. Sri Ramesh Singh			
S/o Lallu Singh	1988-89	283 days	Ext. M-1
2. Sri Surendra Bahadur	„	183 days	Ext. M-7
3. Sri Ramesh Singh			
S/o Sri Kallu Singh	„	124 days	Ext. M-7
4. Chandra Pal Singh	„	nil	Ext. M-7
5. Nav Bahar Singh	„	333 days	Ext. M-21
6. Krishan Pal Singh	„	344 days	M-6
7. Ashok Kumar	„	335 days	Ext. M-15
(Note : The total of 173 regarding number of working days of the period Nov. 1987 to March 88 is wrong. It should be 145 days)			
8. Suresh Singh	„	163 days	Ext. M-16

10. Thus from the above details it becomes evident that only S/Sri Ramesh Singh s/o Lallu Singh Nav Bahar Singh, Sri Krishan Pal Singh and Sri Ashok Kumar have worked for more than 240 days during the period of 12 months preceding the date of termination of their services. While the rest have not worked as such. Therefore, only the cases of the above named 4 persons are covered by the provisions of section 25 F Industrial Disputes Act, 1947. It is not the case of the management that these four workmen were paid retrenchment compensation or were given one month's notice or paid one month's pay in lieu of notice. This being so only in respect of them the order of termination of their services is neither justified nor legal.

11. Hence, it is held that the order of termination of the services of Ramesh Singh s/o Lallu Singh, Sri Nav Bahar Singh, Sri Krishan Pal Singh and Sri Ashok Kumar workmen are neither justified nor legal. Therefore, their order of termination are set aside. They are reinstated in services with full back wages. In respect of the rest of the workmen it is held that the order of termination of their services is legal and justified and consequently they are not entitled to any relief.

12. Reference is answered accordingly.

authorised representative for the workman and also by the workman in para 4 of her statement in cross examination they were marked Ext. M-1 to M-13.

6. In the instant case the matter stands concluded by the documentary evidence filed by the management (reference is to Ext. M-1 to M-13). In the copies of Muster Rolls the number of days for which she had worked are given. On calculation the number of working days comes to 242 days meaning thereby that she had worked continuously for one year within the meaning of section 25 Industrial Disputes Act, 1947, so as to attract the provisions of section 25-F I. D. Act.

7. There is nothing on record to show that the management while terminating his services complied with the provisions of section 25F I.D. Act, i.e. to say the management neither paid retrenchment compensation nor gave one month's notice or paid one month's salary in lieu of notice. Even if it be believed that the management gave to the workman a notice on 10-9-88 it was redundant as it could not be treated as a notice of one month within the meaning of section 25-F I. D. Act. On this ground the action of the management in terminating the services of the workman cannot be upheld, therefore the action of the management was unjustified and illegal.

8. The second ground of attack by the workman is based on the provisions of section 25G. In para 4 of her affidavit the workman has deposed that after six months of termination of her services the management employed one Chander Singh son of Chet Ram on the post of Record Keeper and the said Chander Singh is still working as such on the post. She was never given any opportunity by the management for reemployment. She has reiterated this fact in para 3 of her cross examination. There is no evidence in rebuttal. The facts so proved make out a case of reemployment for the workman. In the circumstances of the case, the management ought to have followed the provisions of section 25-H I. D. Act, and given an opportunity of reemployment to the workman.

9. Hence, it is held that the action of the management in terminating the services of the workman w.e.f. 1-9-88 is neither justified nor legal, consequently the workman is held entitled for her reinstatement in service with full back wages.

10. Reference is answered accordingly.

AWARD

1. The Central Government, Ministry of Labour, vide its notification No. I-40011/16/89-D-2(B) dt. 15-5-90 has referred the following dispute for adjudication to this Tribunal :—

Kya Doorsanchar Upmandaliya Adhikari Bijnaur द्वारा सारा श्री भारत सिंह पुत्रा कुंदन सिंह, मूल चन्द्रा पुत्रा मुन्ना सिंह, राकेश कुमार पुत्रा शम्भु नाथ दाल सिंह पुत्रा श्री बुद्ध सिंह, गान्ध्याम सिंह पुत्रा श्री राम लाल या महेंद्रा लाल सिंह पुत्रा बाल्बिर सिंह को दिनांक 31-3-89 से नौकरी से निष्काशित करना न्यायोचित और वैध्या नहीं? यदि नहीं तो कर्मकारों के अनुरोध का अधिकारी है?

2. The industrial dispute on behalf of the above named workman has been raised by Branch Secretary Akhil Bhartiya Tar Yantrik Karamchhari Sangh Line Staff Avam Chaturtha Varg Doorbhash Kendra Dhampur.

3. The Union has filed separate claim statements in respect of each workman the details of working in respect of each workman as given by the Union are as follows—

Sl. No.	Name	Date of appointment	Date of termination	No. of working days
1	2	3	4	5
1.	Bharat Singh	Nov. 1982	30-9-89	1174
2.	Mool Chandra	Dec. 1975	-co-	2000
3.	Rakesh Kumar	Nov. 1982	-co-	702
4.	Dal Singh	Nov. 1984	-co-	835
5.	Gaanasham Singh	Nov. 1985	-co-	400
6.	Mohinder Pal Singh	Nov. 1982	-co-	443

4. The Union alleges that in terms of section 25B I.D. Act, each workman had completed 240 days of working. According to the Union vide letter No. Estt/G-39/85/Ch-11/2 of General Manager Telecom Uttar Pradesh Circle, the surplus staff with any of the officers of the Telecom Department has to be transferred to other places where the work is going on and that there should be no intake of fresh casual labour. The Union further alleges that working jurisdiction of the Telecom Department being very wide even junior hands are still working. In the circumstances, the termination of the services of the workman is bad in law. In view of the law laid down by the Hon'ble Supreme Court, termination of services of even those workmen who had been engaged after 30-3-85 is illegal. The Union has, therefore, prayed for the reinstatement of all the workmen with full back wages and for regularisation of their services.

5. The management in respect of these six workmen have no disputed the date of their initial appointment. According to the management Sri Bharat Singh workman had been absent from August 1984 to April 1985 and September 1985 to February 1986; Sri Mool Chandra workman had been absent from March 1976 to December 1977, October 1981

to June 1982, October 1982 to November 1984 and May 1985 to November 1985; Sri Rakesh Kumar workman had been absent from February 1983 to March 1987, Sri Dal Singh workman had been absent from April 1985 to December 1985 and May 1987 to December 1987 and Sri Mahendra Pal Singh workman had been absent from January 1983 to November 1983, March 1984 to January 1986, April 1986 to January 1987 and April 1987 to December 1988. Since these five workmen had remained absent without any information and had not got their absence condoned from the competent authority in terms of letter No. Estt/G/39/85/Ch 11/2 dt. 27-5-88 would be deemed to have been engaged as daily rated casual labour after 7-5-85. As regards Sri Ghanshyam workman the management plead that in terms of the aforesaid letter dt. 27-5-88, he would be deemed to have been engaged after 7-5-85.

6. The management have then raised general pleas in respect of all the workman. According to the management Section 25 of the Industrial Disputes Act, 1947, is not applicable to the Telecom Department. Every workman is engaged for one month or for some days under the work order as such the work order itself is a notice to the workman. The management while admitting the fact that vide letter No. Estt. C-39/85/Ch-11/2 surplus staff as far as possible has to be transferred to other units where the work is available but the benefit of the said letter could not be availed of by the workmen as they were treated as having been engaged after 7-5-85. In view of all this, according to the management the workmen are not entitled to any relief.

7. In support of its case, the Union has filed documentary evidence and has examined Sri Shyam Lal Branch Secretary of the Union. On the other hand, the management have simply relied upon documentary evidence. Almost all the documents filed by the management have either been admitted or their formal proof have been waived by Sri Bhola Nath Agrawal, the authorised representative for the management.

8. It is a case in which the only point to be examined is whether there had been any breach of the provisions of Section 25F I.D. Act, by the management or not. The plea raised with regard to Section 25-B I.D. Act was not pressed by the authorised representative for the Union. Further may state here that the question of regularisation of services of the workmen in the instant case does not arise in view of the reference order. The reference order simply calls upon the Tribunal to decide the question whether or not the termination of the services of the workmen by the management was justified.

9. For the application section 25F I.D. Act all that we have to see is whether the workmen had worked for 240 days or more within the period of 12 months preceding the date of their termination of their services. The matter stands concluded in this case by the documents filed by the management. The management have filed statement showing year wise working of the workmen.

Name	Year	No. of working days	Ext.
1. Bharat Singh	1988-89	297	M-3
2. Mool Chandra	,,	285	M-5
3. Rakesh Kumar	,,	335	M-8
4. Dal Singh	,,	296	M-18
5. Ghanshyam Singh	,,	—	—
6. Mohinder Pal Singh	,,	300	M-15

10. As said by me above with regard to Ghanshyam Singh workman no such statement has been filed by the management but on 14-1-92 the Union filed an application stating the number of working days of all the workmen. In respect of this workman all that has been given by the Union is that he had worked for 88 days during 1984 to 1985, 223 days during 1985-86 and 14 days during 1987-88. The Union has not mentioned at all the working of this workman during 1988-89 meaning thereby that he had not worked at all during this year. Having not worked at all within the period of 12 months preceding the date of termination of his services, the question of violation of section 25 I.D. Act, in his case does not arise at all. Thus he cannot be granted any relief. But all the five other workmen who had done more than 240 days of work are entitled to the relief of reinstatement with back wages. Since they had worked for more than 240 days during the period of 12 months preceding the date of termination of their services and since there had been no compliance of the provisions of section 25 I.D. Act their termination of services by the management cannot be upheld.

11. The result therefore is that the termination of S/Sri Bharat Singh, Mool Chandra, Rakesh Kumar, Dal Singh and Mahendra Pal Singh cannot be upheld. The action of the management in terminating their services without compliance of the provisions of section 25F I.D. Act is held illegal and unjustified. They are, therefore held entitled to their reinstatement with full back wages, and all consequential benefits.

12. As regards Sri Ghanshyam Singh, workman, the action of the management can neither be held as unjustified or illegal and held entitled to no relief.

13. The reference is answered accordingly.

REFERENCE NO. 9 OF 1989

In the matter of an industrial dispute under Section 10(1)(d) of the I. D. Act., 1947.

PARTIES :

Employers in relation to the management of National Thermal Power Corporation Badarpur and their workmen.

APPEARANCES :

On behalf of the workmen.—Shri B. Lal, Advocate and Shri D. K. Verma, Advocate.

STATE : Bihar INDUSTRY : Thermal Power

Dated, Dhanbad, the 23rd March, 1992

AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them, under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-20012/152/88 D-3(A), dated, the 5th April, 1989.

SCHEDULE

"Whether the demand of the workmen of Badarpur Thermal Power Station Coal Monitoring Cell, Dhanbad for regularisation to the post of loading inspector in the grade applicable to a regular employee of the Badarpur Thermal Power Station, New Delhi with benefits of Dearness Allowance, House Rent Allowance etc. is justified? If yes, to what relief these workmen are entitled to?"

2. All the concerned 17 workmen have prayed for their regularisation to the post of Loading Inspector and for payment of Grade as per W-7 or any other suitable grade applicable to similarly situated regular employees of B.T.P.S. with the benefit of D.A. and H.R.A. Both the parties have filed separate W.S. and according to the concerned workmen B.T.P.S. is a thermal power station for which the main fuel for generation of electricity is coal. Since the thermal power station was facing much difficulty in getting good quality of coal and its regular supply at B.T.P.S. from different colliery of Coal India Ltd., a Coal Monitoring Cell at Dhanbad was opened, to check and supervise the loading of coal in wagon from Jharia Coalfields and also from different collieries situated in the district of Ranchi, Hazaribagh and Giridih. The concerned workmen were employed for the purpose of supervising and loading coal from different collieries to be supplied to the B.T.P.S. and their main function was to collect information of the wagons supplied at different collieries and also to supervise loading of wagons particularly to see the proper size of coal and also to see that the stones and shales are not loaded in the wagons. They were also required to prepare joint inspection report regarding loading of each wagon with that of the representative of different coal Companies and also to submit coal loading reports. It is their case that on the basis of such reports the management of B.T.P.S. used to verify coal loaded wagons at B.T.P.S. It is the case of the concerned workmen that they have been regularly working as such for the last 10 years but they have been denied pay-scales/wages and other benefits as being paid to the regular employees of B.T.P.S. The Coal Monitoring Cell of Dhanbad is a part and parcel of B.T.P.S. and is under the establishment of B.T.P.S.

The management submitted that Coal Monitoring Cell at Dhanbad was opened to supervise loading of coal and to ensure regular and good quality of coal at B.T.P.S. The concerned workmen were employed to collect information regarding loading of wagons at different collieries and to submit reports to the B.T.P.S. It is stated that the workmen concerned are being paid on daily rated basis in accordance with the wages fixed under the Minimum Wages Act. It is further case of the management that the job of collecting information and supervising of coal at loading point was found simply duplication of the work as being done at the destination point and hence the work at loading point was discontinued although the workmen concerned are being paid wages without any work. The management stated that they have already taken steps to get permission from the Govt. to retrench the workmen concerned as they are surplus.

4. Just to appreciate the rival contention first of all we would like to discuss whether the coal monitoring cell at Dhanbad was part and parcel of B.T.P.S. or not. However, from the pleadings of the management it is clear that the Coal Monitoring cell at Dhanbad was an establishment created in 1980 with the sole purpose of visiting sites and office of the colliery and to collect information and to transmit the same to B.T.P.S. New Delhi. The power plant at New Delhi had also deputed one of its officers as representative to perform certain jobs. All these things are *prima facie* prove to show that the Monitoring Cell at Dhanbad was part and parcel of B.T.P.S., New Delhi. Admittedly the concerned workmen had raised dispute for payment of bonus vide Ref. No. 2 of 1986 (Ext. W-2). The claim for bonus was refused but it was held by the Tribunal that Coal Monitoring Cell at Dhanbad was the establishment of B.T.P.S. It has been held by the Tribunal in these words. "It has not been established by evidence that Coal Monitoring Cell is a separate establishment of Badarpur Thermal Power Project." Again it has been stated that "this being the position the Coal Monitoring Cell at Dhanbad shall be regarded as part and parcel of the establishment of B.T.P.S." In this connection the evidence of MW-1 Shri Tilak Raj Sohal, Superintendent, Coal Handling Plant, New Delhi may be perused.

He stated that round about the period in between 1982 to 1984 one Coal Monitoring Cell was established at Dhanbad and one Senior Engineer as our representative was deputed for the purpose. In this sequence I would also like to decide as to whether there was any relationship of employer and employee in between the management and the concerned workmen. The evidence of MW-1 sufficiently throws light on this point. He stated that the attendance of the concerned workmen was noted by a Clerk of B. T. P. S. and that the Attendance Register used to be sent to Delhi and on the basis of which Muster roll was prepared and payment was made to the concerned workmen accordingly. He further stated that if necessary the disciplinary action against the concerned workman was to be taken by the officers of B. T. P. S. He added that some of the concerned workmen have already been dismissed by the management of B. T. P. S. on account of their unauthorised absence. This means that control, supervision and payment to the concerned workmen was done by

B. T. P. S. In this connection WW-1 stated that their P. F. was regularly deducted. MW-2 stated that our regular employees are members of the P. F. of B. T. P. S. At this stage reference may be made to the schedule of the concerned workmen which forms part of the W. S. wherein the C. P. F. Nos. has been given against the names of each of the concerned workmen. This aspect of the matter has nowhere been challenged by the management in any specific words. This means that the concerned workmen were the members of the C. P. F. The evidence of these important witnesses are more than sufficient to prove that the concerned workmen are fullfledged employees of B. T. P. S. In this situation perhaps the management of B. T. P. S. cannot be permitted to absolve their responsibilities by simply stating that the concerned workmen were engaged by local representative of Thermal power plant as daily rated temporary employees to collect information regarding number of wagons lodged by Coal companies at different colliery sites for the purpose of monitoring information to power station at B. T. P. S., New Delhi. Whether they were engaged as daily rated or monthly rated was not of much concern. The question is that they were engaged by the representative of B. T. P. S. who was qualified enough to hold the post of Senior Engineer. According to law the management as a whole is bound to share responsibilities for any act of omission or commission done by an employee in discharging of his official function.

5. The concerned workmen vide para-18 of their W. S. stated that they had completed more than 240 days attendance in a year and they are entitled for regularisation. This fact has not been specifically denied by the management. In this connection we may refer to Ext. W-6 series and W-7 series which are photo copies of the Attendance Registers. On calculation it may be found that these concerned workmen had completed more than 240 days in the year 1990. Even supposing for the sake of argument that they were temporarily engaged but from the evidence it is well established that they qualified for their regularisation after their completion of 240 days in a year. The management stated through the W. S. that purchaser of Coal has no work to do at the loading point at colliery site. Again it was stated that the demand of regularisation of temporary employees cannot be made when they are surplus to the requirement and I think this type of assertion cannot be allowed to be sustained. The question is who is responsible for surplus staff. The concerned workmen are entitled for their claim when they had completed 240 days in a year. If the staff was already surplus then they should have to undeputed to the loading point to discharge the duties as it was done by the concerned workmen but I think that was not done by the management and therefore at this juncture they cannot be permitted to canvass the story of surplus. On the other hand the representative of the management was permitted to engage the concerned workmen for the job. Since the concerned workmen were employees of the management it was for the management and management alone to provide with the suitable job.

6. The management stated that the nature of the work done by the concerned workmen are not available at B. T. P. S. The management in the W. S.

has stated in clear words the nature of the work done by the concerned workmen. Vide para-4 of the W. S. it is stated that the sole purpose of the monitoring cell was visiting sidings and office of the collieries for the purpose of collecting information of transmitting the collected information to the B. T. P. S. New Delhi. Again in para-18 it is stated that the concerned workmen were engaged as daily rated workers to move from colliery to colliery and to collect certain information regarding the wagons loaded on behalf of the power plant and to submit the report at the office of Coal Monitoring Cell for its onward transmission to the plant. On the other hand the concerned workmen have also stated vide para-9 of the W. S. about their main function. Their main functions are to see that shales and stones are not loaded with the Coal in the wagons. They are also to see that the coal of proper size are loaded in the wagons. They have also to supervise that coal is loaded properly in due time. They have been required to maintain reports in writing to be signed by them and officials of the colliery concerned. Now in view of counter assertion let us see the evidence of the witnesses just to see and determine the actual nature of job being performed by the concerned workmen. In this connection I may refer to the evidence of MW-1. The witness stated that the main function of those daily rated workers was to go to the loading site in the colliery and to collect information about the wagon and also quality of the coal to be loaded in the wagon. These workers used to submit reports giving the numbers of wagons and the coal loaded which was to be despatched to Delhi. Incidentally these workers also used to note their remarks in case there was something wrong with the coal or it was of inferior quality. The witness lastly stated that the concerned workmen are still sitting idle although they are getting wages from the management. Lastly the witness stated that the concerned workmen used to do the clerical nature of job. Similarly MW-2 S. A. Chatterjee, Manager, Industrial Relations has stated that the concerned workmen used to go and note down the wagon Nos. and ascertain whether those wagons are loaded or not. After that they submit the report to the Engineer, New Delhi and after that it was the duty of the Engineer Incharge to send the report to Delhi after it was compiled. He stated in clear words that clerical duty was just nominal which took about half an hour time in just nothing the name and the rest of the time was devoted in collecting information. The witness lastly stated that the nature of the work done by the concerned workmen here at Dhanbad was not available at thermal power station Delhi. From the evidence of this witness it is clear that the concerned workmen were also doing some clerical job which definitely does not require any skill. The learned counsel for the workmen at this stage placed his reliance upon authority reported in AIR 1960 at page 1288 wherein their Lordships were pleased to hold that clerks are not specially trained to handle only a particular type of work. Their work is easily convertible and one can replace another without any dislocation in the department. In the very connection one authority was also cited by the learned counsel for and on behalf of the management reported in "Judgement To-day.", 1990 Supreme Court 375. That was a case in which the petitioners had demanded their regularisation for their services

claiming to be daily rated workmen for a long time in the mines of the Diamond Mining Project, Panna of National Mineral Development Corporation. Their demand was for regularisation and equal pay for equal work on the ground that they were discharging the same duties as the regular workers. The Hon'ble Court rejected the petitioners claim on the ground that they were not regular employees and they did not have any specific job to do. They were surplus to the establishment but were kept on the roll on humanitarian ground. The respondents were also running in heavy loss during the last 3 years and it was not possible to absorb the petitioners immediately as of regular workmen. However, we find that in the instant case there is nothing to show that the concerned workmen of this reference were kept on the roll only on humanitarian ground and the management of BTPS was running in heavy loss. I do not think that the situation prevailing in the instant case can be applied with the situation of the authority cited above.

7. Again coming back to the evidence of MW-1 we find that the nature of sampling both at loading point and destination point was the same and similar. The witness added that till to-day the sampling is done at destination point. By the evidence of this witness it is made clear that the work done by the concerned workman have at loading point are still done or the destination point by other employees of the B.T.P.S. The learned counsel for the workmen while elucidating his point of argument submitted that the designation of Loading Inspector or the Loading supervisor might sound something very pleasing and important but in reality that was an empty sound and that the workers were paid @ Rs. 17 and odd which was raised to Rs. 22.60P. per day. In this connection reference can also be made to Ext. W-1, W-3, W-4 and W-5 which will show that the concerned workman were partly paid on the basis of their daily rate determined as per NCWA. The learned counsel submitted that the Coal Mines the management of N.T.P.C. including B.T.P.S. has the age structure for their employee. It was asserted that the workmen concerned are admittedly the employees of B.T.P.S. and so they are entitled to wages and pay scales like other regular employees of B.T.P.S. The management cannot be permitted to deny the benefit of wages and pay scales as fixed by virtue of the agreement as contained in Ext. W-9 and M-1 by simply making them daily rated worker. It was urged that the concerned workmen have been waiting their regularisation for about a decade back and always knocking door of the authority concerned. The concerned workmen have been classified as casual/daily rated worker by the management but in reality they are monthly rated workmen. They are getting wages of the Clerk and clerical Grade-II in the pay scales of Rs. 678-30-918-35-1198 as provided under NCWA-III. It was submitted that in order to give colour of daily rated worker the initial pay of the individual worker is divided by 30 which comes to Rs. 22.60 per day. The concerned workmen are thus getting the wages per day just so meagre to be called as starvation wages. It was urged that these poor workmen are virtually getting beggars amount for the last several years although they have been discharging the same type of work which the regular employees of the management have been doing at the destination point. In this way the management has been giving

treatment against every norms and principles of Article 14 and 16 of the Constitution which provides equality before law and equal opportunity to all citizens, the matter relating to employment. The principles of equal pay for equal work was also canvassed placing reliance upon the authority reported in 1990 Supreme Court case at page 396 and AIR 1987 Supreme Court at page 2342.

8. Shri B. Lal, learned counsel for the concerned workmen further urged that they are demanding simply regularisation and not permanency of the job. It was submitted that regularisation does never mean permanency. Reliance was also placed upon authority reported in AIR 1979 Supreme Court page 1676. Their Lordships held as follows :—

"The words "regular" or "regularisation" do not connote permanence. They are terms calculated to condone any procedural irregularities and are meant to cure only such defects as are attributable to the methodology followed in making the appointments. They cannot be construed so as to convey an idea of the nature of tenure of the appointments."

9. I have examined almost every aspect of the matter and the position now stands clarified that the concerned workmen are employees of B.T.P.S. serving the management for the last 10 years. discussed above they have also completed 240 days in a calendar year. The management may not have any post of Loading Inspector/Supervisor but the post of Clerk Grade-II cannot be denied which the concerned workmen have also been doing at the loading point. I may also refer to a few of the documents filed on behalf of the managements. Ext. M-7 series are the notice given to some of the concerned workmen regarding disciplinary action proposed to be taken against them for their unauthorised absence. Ext. M-8 is the Joint Inspection Report. Ext. M-9 is the acquittance roll of the concerned workmen.

10. Para-38 of the W.S. of the management may be reproduced as follows :—

"Out of 17 employees mentioned in the schedule 5 (five) persons namely S/Shri Johair Khan (Sl. 17) Farooq Hussain (Sl. No. 16) Afaq Ahmed (Sl. 13) Shafiqur Rehman (Sl. No. 12) and Aijazul Haque (Sl. No. 15) did not find any interest in the job and left their employment voluntarily on 19-2-86, 1-7-88, 1-7-88, 1-10-88, 13-7-79 respectively. Shri Ziauddin Siddiqui submitted his resignation on 3-1-89 and he has been asked to collect his dues. The others left their employment without submitting any resignation or intimation to the management. Appropriate action have been initiated to dispense with their services as per rules."

11. Thus from the averment it is clear that these concerned workmen have already been proceeded against on account of their unauthorised absence. MW-1 has stated that some of the concerned workmen have already been dismissed. Although the reference is of the year 1989 but the dispute arose sometime in the year 1987 (Ext. W-8). The question is

whether the management had taken permission of the authority under Section 33 of the I.D. Act before service conditions of the concerned workmen were changed. It may be mentioned that unauthorised absence amounts to misconduct and the management under the provision of the Act was bound to seek permission from the authority before whom the proceeding was pending. There is nothing to show any such permission was sought for. In para 38 of the W-S it is stated that one Shri Ziauddin Siddique submitted his resignation on 3-1-89 and he has been asked to collect his dues. If actually he has already submitted his resignation there was no question of his regularisation. Considering all these things together I feel that the concerned workmen except Shri Ziauddin Siddique should be regularised in Clerk Grade-II without any break in their service. It may be repeated here that these concerned workmen are still getting their wages without any work. The management is thus directed to regularise all the concerned workmen except Ziauddin Siddique in Clerical Grade-II with effect from the date of the order of reference with all consequential benefits of D.A., HRA etc. within 3 months from the date of publication of the Award.

The Award is passed accordingly.

3. The case of the Union is that the services of the above named workmen were terminated on the ground that casual labour cards produced by them at the time of their appointment regarding previous services in the railway, on verification, had been found fake. The Union alleges that these orders are illegal in-as-much as the railway administration did not hold any inquiry against these workmen in accordance with Railway Servants (Discipline & Appeal)

Rules, 1968. According to the Union Rule 2511(a) of the Indian Railway Establishment Code specifically lays down that casual labour treated as temporary are entitled to rights and privileges admissible to such labour including benefits of the above service rules. There are instances where persons who had procured service in the railway on the basis of fake service cards were given fresh appointments. In view of the instructions contained in letter No. HPB 22513 of the C.P.O. dated 19-5-1984, it was the duty of the officers of the railway to have got verified the correctness of the entries of their services cards within one month of their engagement. Moreover, there is no rule in which such persons as had worked as DRCL earlier in the railway or as had acquired MRCL status could only be engaged. Vide D.O. No. HPP/225/3/R/CLE dated 26-12-1988, from CPO(P) Head Qrs. Bombay, addressed to Sr. D.P.G. Jhansi, the services of new faces engaged between 18-12-1980 and 1985 were regularised by Ex-post facto sanction granted by the General Manager. In some of the cases the Union has also taken the plea of non-compliance of the provisions of section 25F Industrial Disputes Act, 1947. The Union has therefore prayed that all these workmen should be reinstated with full back wages and they be paid interest on the amount of back wages at such rate as the Tribunal deems just and proper.

4. In I.D. No. 150 of 1989, the Union has also prayed for regularisation of the services of the workmen of the said case.

5. All these cases are contested by the management. The management plead that at the time of their engagement these workmen produced service cards showing that they had worked previously in other units of the railway administration. However, on verification their service cards were found fake. In the circumstances, their appointment became void ab initio. They could never be treated as railway employees and consequently they could not become MRCL nor could acquire temporary status. Hence, the question of holding an inquiry in their cases did not arise.

6. The management further plead that after 27-2-78, the Railway Board had imposed a ban on intake of fresh casual labour with a view to accommodate those who had worked in the Railways but sitting idle on account of work (project) on which they were employed having been finished or completed. The General Manager, Central Railway, Bombay, has regularised the services/engagements of only such persons as had been engaged after the ban imposed by the Rly. Board and not of those who had obtained employment on the basis of fake service cards.

7. The other pleas raised by the management are that the Rly. Administration is not an Industry and that the provisions of I.D. Act are not applicable to it. Hence, the workmen are not entitled to any relief.

8. In support of its case, the Union has led oral as well as documentary evidence. In the leading case the Union has examined P. W. 1. Sri Ram Swarup and P.W. 2 Shri Ram Prakash Pal, in I.D. No. 191 of 1989, the Union has examined P.W. 1. Sri Hari, P.W. 2 Sri Gauri and P.W. 3, Smt. Vimla,

and in I.D. No. 125 of 1989 the Union has examined P.W. 1, Sri Ram Veer Singh and P.W. 2 Sri Jiwan Singh. The management, on the other hand, in support of their case have simply relied upon documentary evidence.

9. The management have raised a legal plea to the effect that Indian Railway is not an Industry and consequently the provisions of I.D. Act do not apply to it. This is not the first time when such a plea has been raised by Sri B N Bhattacharya, Advocate, the authorised representative for the management, on behalf of the management and every time it has been negated by me. Definition of term 'Industry' as given in section 2(j) of the I.D. Act read with the definitions of term 'Utility Service' and 'Appropriate Government' as given in section 2(n) and (a) respectively are sufficient for me to hold that the Railway run by the Central Government is an Industry as such the provisions of I.D. Act, do apply to it.

10. During the course of arguments it has been submitted by Sri Bhattacharya that the management's plea that in view of the ban imposed by the Rly. Board on the intake of fresh casual labour after 27-2-78, appointments of most of the workmen involved in these cases were void abinitio be also examined. There is nothing for me not to consider this plea of the management. Hereinafter reference to exhibits will be with reference to documents exhibited in the leading case unless otherwise specified.

11. In support of the aforesaid plea Sri Bhattacharya, authorised representative for the management, has placed reliance on Ext. M. 1 which is the copy of the Rly. Board's letter dt. 27-2-78 and Ext. M. 5 which is the copy of D.O. Letter dated 27-7-84 from the General Manager, Central Rly, Bombay, to various officers. Ext. M. 1 shows that the Rly. Board imposed a ban on intake of fresh casual labour on open line by the Inspectors except in emergencies like accidents, floods, breaches etc. The Rly. Board specifically laid down that fresh recruitment would be only under the personal orders of the Divisional Superintendents. From the D.O. Letter dt. 27-7-84, it appears that later on the Rly. Board issued further instructions to the effect that fresh recruitments would only be made with the prior approval of the General Manager.

12. I have carefully considered the plea so raised by the management and am of the view that this plea so far as these cases are concerned cannot be sustained. The Union has filed copies of show cause notices issued by the Railway to most of the workmen and copies of order terminating the services of rest of the workmen and from these I find that the ground of termination of their services was not that their appointments had been made against the ban so imposed by the Rly Board. The ground on the basis of which the services of the workmen were terminated was that the service cards produced by them at the time of their appointments regarding service rendered by them previously in various Units of the Rly. on verification were found fake. In the circumstances when their services were not terminated on the ground of the ban imposed by the Rly Board, the plea arising by the management cannot be upheld. It has no meaning.

13. Now comes the question of legality and justification of the action of the management in terminating the services of the workmen. For this the workmen can be divided into following three categories—

- (1) Workmen in respect of whom reference orders have become infructuous;
- (2) Workmen in respect of whom according to the management inquiry was held disciplinary proceedings were taken; and
- (3) Rest of the workmen.

AS TO CATEGORY :—

14. In this category falls the case of Sri Brij Kishore workmen (I.D. No. 125 of 1989) In I.D. 125/89 the union has examined two witnesses and one of them is Sri Jiwan Singh. Sri Jiwan Singh has deposed that Sri Brij Kishore workman was taken back in service after 2-3-months of termination of his services. It follows, therefore, that so far as this workman is concerned, the reference order has become infructuous.

AS TO CATEGORY 2:—

15. In this category falls the following workmen—

1. Sri Sharifuddin
2. Sri Dinesh I.D. No. 150 of 1989
3. Sri Romesh (I.D. No. 169 of 1989)
4. Sri Zakir Khan (I.D. No. 125/90)

16. Sri Sharifuddin

Ext. M-25 is the copy of notice dated 8-12-87, given by CPWI (C) Jhansi to the workman. In the notice it is stated that the workman had obtained appointment as a casual labour on production of a casual labour card alleged to have been issued by PWI(D) C.R. Gwalior showing that he had worked under the said official from 30-10-76 to 1-9-77. It is further stated that inquiries made have revealed that the said casual labour card is fake. The C.P.W.I. (C) Jhansi by means of this notice called upon the workman to show cause within a period of 15 days as to why his services be not terminated for the aforesaid reason. Ext. M. 23, is the copy of order dated 4/5-1-88 passed by the CPWI (C) Jhansi terminating the services of the workmen w.e.f. 7-1-88. In the order it is found stated that the workman's explanation dated 26-12-87 has been found unsatisfactory.

17. On a careful consideration of the two documents in the light of the settled law, I am of the view, that the order of termination cannot be sustained. There is nothing in the show cause notice to show that the evidence on the basis of which the casual labour card was found fake was ever supplied to the workman. It appears from some of the other documents filed by the management that inquiries were addressed by P.W.I. (C) Jhansi for verifications of the said casual labour card. Ext. M. 20 is the copy of letter dt. 23-5-86 from P.W.I. (C) Jhansi to PWI(C) Agra inquiring whether or not the said casual labour card was ever issued by P.W.I. (C) Gwalior. From the contents of the letter it appears that it was presumed by the P.W.I. (C) Jhansi that

the relevant record of P.W.I. (C) Gwalior had been transferred to the office of P.W.I. (C) Agra. Ext. M. 21 is the copy of letter dt. 29-10-86 from the Chief P.W.I. (C) Jhansi to the Assistant Engineer Jhansi for necessary action against the workman in view of the report sent by PWI(C) Agra informing him that the record regarding working of the workman at Gwalior was not available. It is also stated that the verification of the record was also done in the office of Executive Engineer (C) Jhansi. Thus the principles of natural justice were violated.

18. In support of my above view I refer to copy of order dt. 23-5-90 of Central Administrative Tribunal, Allahabad in Registration (O.A.) No. 160 of 89, Tula Ram Versus Union of India, filed by the Union. It was also a case of a person whose services were terminated on the ground of alleged production of false casual labour card. Para six of the order read as under—

The impugned order contains a definite conclusion that the casual labour card was bogus. Before such a finding is made the principle of natural justice requires that reasonable opportunity be given to the applicant to show cause against such a conclusion. The respondents ought to have communicated the grounds and the evidence leading to the allegation of Fake Casual Labour Card and given an opportunity to the applicant to rebut such allegation. In a series of similar cases, this Tribunal has consistently held that such termination orders issued in violation of the principles of natural justice were legally defective and invalid. In all such cases termination orders have been quashed and the persons concerned directed to be reinstated in service. There is no doubt that the same order has to be issued in this case also for the same reason.

Thus in no way the order dt. 4/5-1-88 terminating the services of the workman w.e.f. 7-1-88 can be upheld.

19. So far as this workman is concerned some additional facts have come to light. Ext. M-24 is the copy of workman's representative dt. 23-8-91 addressed to AEN(C) C. Rly Jhansi. From the contents it appears that it was in continuation of his earlier representation dt. 19-7-91. Ext. M.22 is the copy of order dt. 5-10-91 of Asstt. Engineer (C) Jhansi imposing upon the workman the penalty of removal from service. From the order it appears that while passing order the A.E.N.(C), Jhansi acted as Disciplinary Authority of the workman and considered the workman's representation dt. 23-8-91 sent in reply to the inquiry report and finding submitted by Chief Inspector of Works (C) Jhansi. The ground is the same, i.e. that he had produced a fake service card at the time of entering in the service. The copy of inquiry report of the CPOW(C) has not however, been filed.

20. There is no evidence from the side of the management that the order dt. 4/5-1-88 copy Ext. M-33, was ever recalled and Sharifuddin reinstated. The question is can disciplinary proceedings be taken up

against a person who is no longer in service. When he had already been removed from service w.e.f. 7-1-88 the question of initiation of disciplinary proceedings against him did not arise at all. Even otherwise this order cannot be upheld. The reason again is the same and that is that there is nothing in the two documents referred to by me that the workman was supplied with the copies of evidence on the basis of which, the management came to take the view that the casual labour card filed by the workman was fake.

21. Sri Dinesh :—

His case is no different from that of Sri Sharifuddin. Ext. M-30 is the copy of similar kind of notice dated 8-12-87 from CPWI(C) Jhansi to the workman and Ext. M-28 is the copy of order dated 4/5-1-88 by CPWI(C) Jhansi terminating the services of the workman w.e.f. 7-1-88. Here again there is nothing to show that he was furnished with the documents on the basis of which CPWI(C) Jhansi, had taken the view that the casual labour card filed by him was fake. Ext. M-26 is the copy of representation dt. 30-11-87 of the workman against the show cause notice issued to him. Reference of it is found in the order dt. 4/5-1-88.

22. Ext. M-29 is the copy of representation dt. 24-8-91 made by the workman to the AEN(C) Jhansi. This representation was in continuation of his earlier representation dt. 19-7-91. By means of order dt. 5-10-91, copy Ext. M-27, his representation was rejected and he was awarded the penalty of removal from service. The order is similar to one passed by the AEN(C) Jhansi against Sri Sharifuddin.

23. The case of Sri Dinesh being similar to that of Sri Sharifuddin both the order dt. 4/5-1-88 and the order dated 5-10-91 cannot be upheld.

24.1 Sri Ramesh:—

Ext W. 1 (I.D. No. 169/89) is the copy of notice dt. 2-2-88 issued by CSTE(C) Jhansi to the workman. In the notice it is stated that he had obtained appointment as casual labour on production of casual labour card which on verification has been found fake. He was, therefore, called upon to show cause within 15 days why his services be not terminated for the said reason. Ext. M. 31 is the copy of letter dated nil from PWI(C) Bhopal to Chief Signal Inspector Jhansi informing him that the casual labour card in question was never issued by his officer. This letter was written in reply to the query made by the Chief Signal Inspector (C) Jhansi. Ext. M-32 is the copy of explanation dt. 6-3-87 given by the workman in reply to the show cause notice given to him. In his reply he has stated that he had work at Bhopal and that the casual labour card was not prepared for him by P.W.I. Bhopal. In his explanation it was also stated by him that for proper verification the attendance register and pay sheet of Bhopal be examined. However, it appears that even according to the management his engagement was cancelled. In the said para the management have pleaded that since the applicant had obtained engagement on forged service card his engagement was void abinito. The question of

his removal discharge or dismissal from service, therefore, did not arise.

25. On the same ground the order regarding cancellation of his engagement cannot be upheld. In his case also there is no evidence that he was supplied with the copies of documents on the basis of which opinion was formed that he had obtained appointment on the basis of fake service card.

26. Zakir Khand.—Ext. M. 39 is the copy of show cause notice dt. 4/10-3-87 issued by I.O.W. (C) Jhansi to the workman, Ext. M. 38 is the copy of workman's reply dt. 12-3-87 to the show cause notice and Ext. 37 is the copy of order dt. 18-5-87 of IOW (C) Head Quarters, Jhansi terminating the services of the workman with immediate effect on the ground that he had obtained initial engagement on the basis of fake casual labour card.

27. Thus the order of termination of his services also cannot be upheld as there is nothing on record to show that before the termination of his services he was supplied with the copies of documents on the basis on which it was said that the casual labour card produced by him was fake.

28. As to :—Under this head I shall first consider the cases of workmen :—

- (1) S/Shri Ram Swarup I.D. No. 94 of 1989
- (2) Shri Mani Ram
- (3) Shri Naresh I.D. No. 292/98

Ext. W-1 to W-2 and W-10, and W-13 are the copies of notices issued by Executive Engineer (Bridges) to S/Sri Jagannath, Brij Lal, Dashrath, Vinod Kumar, Om Prakash, Shaikh Yaqub, Satya Prakash, Basant, Munna, Purshottam Narain and Peer Khan respectively. Notices issued to S/Sri Jagannath, Vinod Kumar, Om Prakash, Sheikh Yaqub, Satya Prakash, Basant Kumar, Munna and Purshottam are dated July, 1986 and notices issued to S/Sri Brij Lal and Peer Khan are dated 3-9-86 and that issued to Sri Dashrath is dated October, 1986.

29. Ext. W-1 to W-4 (I.D. No. 125/89) are copies of notices dt. 13-8-87 in respect of 4 workmen or I.D. No. 125/89, other than Sri Brij Kishore (whose reference order has already been held by me to have become infructuous): Ext. W.1 (I.D. No. 173/89) is the copy of notice dt. 20-2-88 issued by PWI Jhansi to Sri Lala Ram Workman; Ext. W.1 & W.2 (I.D. No. 202/89) are the copies of notices both dated 21-6-87 issued by P.W.I. Chitrakut Wham Karvi to S/Sri Mata Din and Lakhapat workmen respectively; Ext. W. 1 and W. 2 are copies of notices both dt. 30-10-87 (I.D. No. 238/89) issued by P.W.I. Chitrakut Dham to S/Sri Kashi Ram and Karim Baksha workmen respectively; Ext. W. 1 (I.D. No. 264/89) is the copy of notice dt. 6-7-87 issued by Loco Foreman to Shri Ahmad Ali workman; Ext. W.1 to W. 5 (I.D. No. 292/89) are copies of notices dt. 23-7-87 issued by DSTE Mathura to five workmen other than Sri Naresh Prasad; Ext. W. 1 (I.D. No. 298/89) is the copy of notice dt. 20-12-86 issued by Chief Yard Master to Sri Santosh Kumar workman; Ext. W.1 (I.D. No. 144/90) is the copy of notice dt. 19-8-88 issued by PWI Chitrakut Dham Karvi

to Sri Nawab Khan workman and Ext. W 1 (I.D. No. 215/90) is the copy of notice dt. 11-3-87 from AEN Karpur to Jaiveer Singh.

30. In all these notices it is stated that the casual labour cards filed by the above named workmen at the time of their appointments regarding their previous service in various units of the railway on verification have been found fake. They were, therefore, called upon to explain within 15 days why their services be not terminated.

31. Ext. W. 1 to W 5 (I.D. No. 10/89) are copies of orders all dated 11-12-86 in respect of all five workmen stating that their services would stand terminated after 14 days. In these orders the grounds for termination of their services are not found stated. But from the facts pleaded by the management in para (2) of their written statement in the case it appears that the case of the management is that they all had obtained appointments on production of fake service cards.

32. Ext. W. 1 (I.D. No. 75/89) is the copy of combined order dated 4-4-83, regarding removal from services of both the workmen with immediate effect. It is stated that they had already been served with 15 days notice for submitting their explanation with regard to their having obtained service on fake service cards.

23. Ext. W. 1. (I.D. No. 191/89) is the copy of combined order dt. 26-9-87 in respect of all the three workmen who had been working in the hospital information them that they could not be allotted to work in future as the casual labour cards in respect of their previous services filed by them had been found fake.

34. Ext. W. 1 (I.D. No. 203/89) is the copy of notice dated 4-11-86, from P.W.I. (West) Jhansi terminating the services of Sri Prem Kumar workman w.e.f. 19-11-86 due to fake service card filed by him.

35. Ex. W.1 (I.D. No. 224/89) is the copy of order dt. 10-4-86 passed by D.S.T.E. (T) Jhansi informing him that his services would stand terminated after 15 days. In the order it is stated that the casual labour service book filed by him on verification has been found fake.

36. Ext. W. 1 and W. 2 (I.D. No. 217/90) are copies of order dt. 2-5-86 and 22-12-86 issued by P.W.I. Mahoba terminating the services of Sri Jagdish Prasad workmen w.e.f. 18-5-86 and that of Sri Hardas w.e.f. 18-1-87.

37. Thus these are cases where the services of the workmen were terminated either with immediate effect or after 15 days or by issuing 15 days show cause notice. All the three finds of orders cannot be upheld for the same reason i.e. that the copies of evidence on which their service cards or verification were found fake were not supplied to them. In fact in all these cases an inquiry should have been held by the management in accordance with the law against these workmen.

38. Naresh (I.D.) No. 292/89:—His case is not pressed by the authorised representative Sri

Surender Singh, vide his application dt. 28-10-91. So this workman cannot be granted any relief in view of the said application.

39. Sri Ram Swarup & Maniram (I.D. Nos 94/89):— On 26-12-91 Sri Surender Singh, the authorised representative for the Union, has moved an application with the prayer to separate the case of workman other than S. Sri Peer Khan, Ram Swarup, Jagannath, Brij Lal and Dashrath on the ground that the notices issued to them have been lost. On 31-12-91, Sri Ram Prakash Pal, another authorised representative for the Union moved an application with the prayer that the earlier application dt. 26-12-91 be treated as cancelled. With the application he filed 9 notices. On 20-1-92, Sri Surender Singh, made a statement before the Court/Tribunal that as Office Bearer of the Union he does not press the case of those workmen in respect of whom notices have not been filed or whose names do not tally with the names mentioned in the notice filed by the Union in this case.

40. So far as Sri Ram Swarup is concerned no such notice has been filed by the Union. But in view of the facts pleaded in the written statement, I am of the view, that he should not be denied the relief as may be granted to the other workmen simply because on non filing of notice or order of termination by the Union. For the lapse on the part of the Union the workman should not be made to suffer. In para (1) of the written statement the management have named Sri Ram Swarup as one of the workman and about him it has been alleged that he was engaged as a casual labour on 28-4-83. It is further stated in the same para that the services of the workman including that of Sri Ram Swarup were cancelled as the service cards produced by them at the time of their appointments showing that they had worked previously in other units of the railway, on verification, were found fake.

41. In the light of these facts it is immaterial whether or not any show cause notice/order of termination is filed. So he will get the relief like workmen other than those in respect of whom the reference order has become infructuous or in respect of whom the case has not been pressed by the Union.

42. Maniram :

In the list of workman sent by the Desk Officer Ministry of Labour, New Delhi, vide letter dated 29-11-91, at serial no. 13 is named Sri Mani Ram son of Janki Das. Ext. W 1 is the photocopy of notice dated July, 1935 filed by the Union in respect of one Maniram S/o Sri Gangaram. The notice, therefore, cannot be said to be that of Sri Mani Ram son of Janki Das named in the list of workmen.

43. In para (1) of the written statement Sri Maniram son of Gangaram is named. Thus the management does not dispute the identity of workman named in the notice, copy ext. W. 9. It, therefore, appears that there is some clerical mistake either in the list sent by the Ministry of Labour about the parentage of Sri Maniram or in the notice copy Ext. W9. Unless it is got corrected no relief can be granted in respect of Sri Maniram son of Janki Das named in the list. It is quite possible that the correct name of the father of Maniram may be Janki Das and not Gangaram.

44. Thus from the above discussions of evidence it comes out that the reference order in respect of Sri 938 GI/92- -12

Brij Kishore (I.D. No. 125/89) has become infructuous; that Sri Naresh Prasad (I.D. No. 292/89) is entitled to no relief as his case has not been pressed by the Union that Sri Maniram son of Janki Das also cannot be granted relief because of dispute about his identity and that whether relief can be granted only to the rest of the workmen. The relief which the last category of the workmen can be granted in the normal course after setting aside their order of termination will be of reinstatement. The question is whether these workmen should be awarded back wages or not. Sri Surender Singh, the authorised representative for the Union, has submitted that such relief as granted by Central Administration Tribunal, Allahabad in Registration (O.A.) No. 160/89 may be granted to these workmen. The question of awarding back wages also came up for consideration before the Central Administrative Tribunal Allahabad. The Tribunal did not allow payment of back wages for the period from the date of termination to the date of reinstatement in the case. In view of it I also hold that these workmen will not get back wages for the period from the date of termination to the date of reinstatement.

45. Since the case of Sri Naresh Prasad workman (I.D. No. 292/89) has not been pressed, the action of the management in terminating his services is held as justified.

46. With regard to Sri Brij Kishore, it is held that the reference order which has given rise to (I.D. No. 125/89) has become infructuous.

47. As the Union has failed to establish the identity of Sri Mani Ram son of Sri Janki as named at serial no. 13 of the list sent by the Ministry of Labour, New Delhi, he too is given no relief. However, it will be open to the Union to raise fresh dispute with regard to him after verifying his identity.

48. In respect of the remaining 47 workmen, the action of the management in termination their services is held as justified and illegal. They shall be reinstated by the management within one month from the date of enforcement of the Award. They will not be paid any back wages for the period from the date of termination of their services to the date of their reinstatement. The management will be at liberty to conduct a proper inquiry in the matter of casual labour cards alleged to have been produced by these workmen regarding their previous service in the railway in accordance with the principles of natural justice and take suitable action according to law.

49. All the references are decided accordingly. Let copy of this award be placed on the record of each connected case.

Reference No. 9(c) of 1989

PRESENT :

Shri D. N. Hazarika,
Presiding Officer,
Industrial Tribunal, Guwahati.

In the matter of an Industrial Dispute

BETWEEN

The Management of Romie Research Station,
Sorbhog, Assam.

AND

Their workmen represented by the President,
Reha Gabeshana Kendra Shramik Union,
Sorbhog.

AWARD

This Reference arising out of the Central Govt. Notification No. L. 42012/136/88-D.II(B) dated 19th July 1989 relates to the dispute indicated in the Schedule below :

“Whether the action of the management of Romie Research Station, Sorbhog, P.O. Sorbhog Distt., Barpeta, Assam in terminating the services of Shri Siraj Ali is justified ?

If not, to what relief the workman is entitled to ?”

On receipt of notice both parties appeared and filed their written statement before the Tribunal. In course of hearing management examined 4 witnesses and union also examined 3 witnesses.

Management case in brief is that Siraj Ali was never an employee. Siraj Ali was only a casual labour on daily rated basis. Siraj Ali never worked for more than 240 days in a calendar year to claim permanency. Further on 14-5-1984 Siraj Ali chased incharge of the research centre with a sickle in hand to assault him. Due to his misconduct he was not allowed to work in the centre after 14-5-84.

Case of the workman is that Siraj Ali worked there in the research centre from 1978 as casual labour. All employees of the said firm formed an union and Siraj Ali took active part in all union work. Employees union known as Reha Gabeshana Kendra Shramik union, demanded review of the order of management regarding reinstatement of 10 casual labourers and their wages etc.

On 12-2-84 a settlement was arrived at between the management and employee. As per settlement management agreed to regularise services of all casual employees. As Siraj Ali was taking active part in all such activities of the union he was discharged from duty from 14-5-84. According to union discharge from duty is clear victimization and unfair labour practice. Further termination of service without any domestic enquiry is against the principle of natural justice.

Management in support of their case examined 4 witnesses and exhibited few documents. Union examined 3 witnesses and exhibited few documents in support of their case.

Learned counsel for the management argued that Siraj Ali was a seasonal labour in the research centre. Whenever necessary labourers are engaged in the centre on daily rated basis. Siraj Ali worked as daily rated labourer whenever called upon. Management never issued any appointment letter to such labourers. They are engaged only during cultivation (Jute) season.

Learned counsel for workman admitted that no appointment letter was issued by the management. However Siraj Ali worked there in the centre for more than 5 years continuously and was a permanent employee. According to management witness Nanda Harijan, Siraj Ali worked for 206 days in the year 1980, 208 days in year 1981, 18 days in the year 1982, 149 days in the year 1983 and 38 days in the year 1984. He further stated that before that also Siraj Ali never worked continuously in the centre. Siraj Ali in his evidence admitted that he was absent from duty during the year 1982 and 83 for his illness. Siraj Ali never claimed that he worked for not more than 208 days in a year. Siraj Ali himself admitted in his letter Exhibit ‘Gha’ that he was a daily rated workman. Further he admitted in his evidence that all workman get pay for the working day only. This shows all worker are engaged in the centre on no work no pay basis.

In the instant case Siraj Ali was engaged as labourer on the same basis. No appointment letter was issued by management. Siraj Ali did not work for more than 240 days in a calendar year. So Siraj Ali cannot claim himself to be a permanent labourer.

According to learned counsel for workman, Siraj Ali has served in the centre for more than 5 years continuously as such his termination from service is clear unfair labour practice, victimisation and against principle of natural justice. Issue in question is also whether termination of service of Siraj Ali is justified?

On this point it is an admitted fact that Siraj Ali was not allowed to work after 14-5-84. According to management Siraj Ali misbehaved with scientist incharge on 14-5-84 by brandishing sickle. Management took a serious view of this behaviour of the workman and was terminated from service forthwith. According to learned counsel for management, action of Siraj Ali i.e. brandishing of sickle amounts to gross misconduct and for that Siraj Ali was terminated from service. Learned counsel for union, contended that management did not give any chance to workman to

defend himself and he was given the highest punishment, verbally against the principle of natural justice. According to him, this termination from service is in clear violation of the provisions of the fifth schedule of Industrial Dispute Act.

Admittedly management did not give the termination order in writing. No domestic enquiry was held. Workman did not get any chance to defend himself though highest punishment was inflicted on him. Director N. Mukharjee in one of his letter Exhibit 5 (s) [Ex. Cha. (1)] to Assistant Labour Commissioner (Central) Ulubari Guwahati dated 26-5-87 stated that there is no rule provided for domestic enquiry and chargesheet etc. in their institution. Therefore it appears service of Siraj Ali was terminated without holding any domestic enquiry and giving any opportunity to Siraj Ali to defend himself. According to management, Siraj Ali was a casual labourer only. But record shows this casual labourer was working in the centre continuously since 1978 till the date of termination. It is true he was absent from work during the years 1982 and 83 for his illness. Learned Counsel for management argued that as Siraj Ali did not work for 240 days in a year he is not entitled to the benefit of regularisation of service. Present issue is not for regularisation of service. Issue is whether termination is justified or not. Management in this court lead evidence to establish the occurrence that took place in the room of incharge Remie Research Station on 14-5-84. Management witness Birbal Ramchiary stated in his evidence that all the workers were altercation with incharge on 14-5-84 in the office room. During altercation Siraj Ali rushed with a sickle in hand to assault incharge. Management witness Mosarab Ali too stated that Siraj Ali advanced towards incharge with a sickle in hand in order to assault him. Management witness Jonaram Saikia stated in his evidence that on 14-5-84 all workers came to the room of the incharge and demanded work. All workers chased incharge with lathi, khanti and sickle in hand. Siraj Ali was also present in the group and advanced towards incharge with sickle and khanti in his hand. According to this witness all workers came to the room of the incharge with sickle and khanti which were provided to them by management.

From the evidence of these witnesses it is clear Siraj Ali did not assault incharge Remie Research Station on 14-5-84. All workers demanded whole day's wages or work. Siraj Ali also demanded whole days work. So an altercation took place. During this altercation Siraj Ali might have advanced towards the incharge with the sickle in hand which was provided by management. Management fails to produce any certified standing order. In absence of any standing order I find chasing or advancing with a sickle in hand in a group does not amount to gross misconduct on the part of the workman which may end in deterrent punishment like termination from service. It is in evidence that management supplies sickle, spade etc. to the workmen to work in the field. After days work is over these are returned back and kept in the store room. On 14-5-84, management supplied sickle, khanti and spade to workers, for working in the field but due to rain work was stopped by management. All workers then assembled near the office room and demanded work. All workers assembled there and had sickle and other articles in their hand as admitted by management witnesses in

their deposition. Management wrongly interpreted that Siraj Ali advanced towards incharge with sickle in hand in order to assault him. So I find management allegation of Siraj Ali alone chasing incharge Remie Research Station with sickle in hand to assault him is not established.

There was no domestic enquiry, no chargesheet and workman did not get any opportunity to defend himself. Hence management acted against principle of natural justice and violated provisions of fifth schedule of Industrial Dispute Act.

Regarding punishment, Siraj Ali was terminated from service i.e. highest punishment. Management did not produce the service rules to justify such deterrent punishment. In absence of any service rules or standing order I find punishment meted out to Siraj Ali is disproportionate to the alleged offence. Therefore I have no hesitation in holding that management is not justified in terminating service of Siraj Ali.

Learned Counsel for management contended that Remie Research Centre is not an industry and as such present dispute is not tenable under Industrial Dispute Act. According to him, Remie Research Centre at Sorbhog is a branch of Jute Agricultural Research Institute Barrackpore. Labourers are engaged for growing different jute plants. Jute plants are grown here not for sale but for research in order to find out better quality jute. In support of his contention he produced a brochure, published by Jute Agricultural Research Institute Barrackpore. Exhibit 2 is the brochure published by Jute Agricultural Research Institute Barrackpore. According to him Exhibit 2 establishes that Remie Research Station Sorbhog is a unit of Agricultural Research Institute Barrackpore and is doing research in jute cultivation. He further contended that Remie Research Station, Sorbhog is concerned only with research of jute and has no motive for profit.

Management witness Nandu Harijan stated that Remie Research Station Sorbhog is concerned with research only, as per aims and objectives of Jute Agricultural Research Institute.

Learned Counsel further contended that as this unit has no other motive except research it is not an industry as defined in Section 2(j) of the Industrial Dispute Act. In support of contention, he relied on 1967 II L.L.J. page 318 AIR 1978 S. C. page 548 and 1965 L.L.J. II page 361.

Facts of these cases are different from the instant case.

Learned Counsel for workman argued that there exist a relationship of master and servant between the management and its employees. Management engaged labourers to perform all other works like ploughing, weeding, etc. in the firm and never engaged them in any research work. According to him relationship between management and workmen who are engaged only for manual work is sufficient to establish that Remie Research Station is an industry though primary aim and object is to do research in jute cultivation. He relied on AIR 1978 S.C. page 548. Their Lordships held in the above noted case that "absence of profit motive or gainful objective is irrelevant be the

Venture in the public, joint, private or other sections. The true focus is functional and the decisive test is the nature of the activity with special emphasis on the employer-employee relations". In the instant case though Remic Research Station has no profit motive, but these exist the relation of employer and employee between the management and workman. Therefore, I find Remic Research Station even without profit motive is an industry as defined in Section 2(j) of the Industrial Disputes Act.

In view of my discussion and decisions above I find management was not justified in terminating the services of Siraj Ali with effect from 14-5-84 and Siraj Ali is entitled to work as labourer (workman) as before.

I give this AWARD on his 24th March, 1992 at Guwahati under my hand and seal.

AWARD

Dated, March 18th, 1992

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-23/15/86-Con, 1/D.II B dated 2-7-1987, for adjudication of the following dispute :—

SCHEDULE

“Whether the action of the management of Director of Postal Services Bhopal (at Rajnandgaon in terminating the services of Shri V. Gulbake, Clerk w.e.f. 19-1-85 is legal and justified? If not, to what relief the workman concerned is entitled and from what date?”

2. The workman, Shri V. Gulbake, was serving with the management and was appointed vide Order dated 13-4-1983 as a Lower Division Clerk in Saving Bank Control Organisation in M.P. Circle in the scale of Rs. 260-6-290—EB—6-326-8-366—EB—8-390-10-400. He joined on 3-5-1985 (Forenoon) at Rajnandgaon. He worked upto 19-1-1985 on which date his services were terminated.

3. Workman says that he was appointed against the permanent vacancy. He worked honestly. Termination of his service is violative of provisions of Sub-rule (1) of Rule 5 of the Central Civil Services (Temporary Service) Rules, 1965, Article 311 of the Constitution and violative of Sec. 25F of the I. D. Act, 1947.

4. Management says that the workman was temporary government servant. His work was not satisfactory. He was given warnings on 14-6-1983, 13-8-1983 and 13-10-1983, but still he failed to improve his work. Accordingly his services were terminated under Rule 5(1) of the C.C.S. (Temporary Service) Rules, 1965, hence there is no need of any enquiry. Provisions of Sec. 25F of the I.D. Act is not attracted in his case.

5. Reference was the issue in this case.

FINDINGS WITH REASONS :

6. Undisputedly the workman under reference is a workman within the meaning of Sec. 2(s) of the I.D. Act and the management is an industry.

7. The only question that remains is whether the alleged Rule 5(1) of the C.C.S. (T.S.) Rules, 1965 could override the statutory provisions of Sec. 25F of the I. D. Act in the instant case because the workman had completed more than 240 days continuous service.

8. The answer is no. The provisions of Sec. 25F of the I.D. Act cannot be overridden by the Civil Services (Temporary Services) Rules, 1965. They are mandatory in nature. If the retrenchment is by way of punishment it calls for an enquiry. Hence the termi-

nation of the services of the workman is void ab initio. But in the circumstances of this case, the workman is reinstated with continuity in service but without any back wages. He shall be entitled to other benefits. Reference is accordingly answered as under :—

Action of the management of Director of Postal Services Bhopal at Rajnandgaon in terminating the services of Shri V. Gulbake, Clerk w.e.f. 19-1-85 is not legal or justified. He is entitled to be reinstated with continuity in service, but without any back wages. He shall be entitled to all other benefits.

No order as to costs.

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-

12012/19/90-IR(B-3) dated 18-4-1990, for adjudication of the following dispute :—

“Whether the action of the management of the State Bank of Indore, Gwalior in not providing employment to Shri Jashwant Kumar, Morar, Peon-cum-Farash after 30-6-1984 i.e. whether his said termination, is justified? If not, to what relief the workman is entitled for?”

2. The reference was registered on 26-4-1990. Thereafter the case was fixed for 28-6-90, 10-9-90, 4-12-90, 16-1-91, 26-2-91, 19.4.91, 25.6.91, 12.9.91 and 26-12-91, but neither the workman concerned, nor anybody on his behalf appeared before this Tribunal despite notices. He has not filed any statement of claim. However, there are four affidavits of Jaswant Kumar, Panchiram, Chunnilal and Matadin on record, which appears to have been sent by the workman concerned by post and received in the Tribunal on 28-2-1990. As already stated above the workman concerned never appeared. Management filed its statement of claim. For want of Statement of claim of workman, the affidavit cannot be considered.

3. In the above circumstances, I have no alternative but to presume that the workman has no interest in the case and does not want to contest it. I therefore record a No Dispute Award in the case without any order as to costs.

I.D. No. 133 of 1990

REG : SHRI C.H.S. PHILIPS VS. STATE BANK
OF INDIA, DELHI ZONAL OFFICE, NEW DELHI

Respectfully sheweth

1. That an industrial dispute between the above party is pending before the Hon'ble Tribunal.

2. That the Government has referred the following Industrial Dispute for adjudication before this Hon'ble Tribunal :—

“Whether the action of the Management of State Bank of India, New Delhi is justified in terminating the services of Shri C.H.S. Philips, Clerk-cum-Godown Keeper w.e.f. 25-2-89 ? If not, to what relief is the workman concerned entitled to ?”

3. That in this case, the workman, Shri C.H.S. Philips was treated as voluntarily retired/abandoned the service of the bank w.e.f. 25-2-89, when the workman intentionally absented himself unauthorisedly without any intimation as well as sanction of leave, even after the receipt of notices issued by the Bank in this regard.

4. That now keeping in mind the balance of convenience and interest of workman as well as the management, both the above parties have agreed with free mind and full consent to enter into an agreement in the form of a settlement to abide by the following terms and conditions :—

(i) that the workman Shri C.H.S. Philips, Godown keeper will be allowed to join his duties with immediate effect

(ii) that the workman will be taken back in the

bank's service on the basic pay which he was drawing as on 25-2-89.

(iii) that the workman has been given the weightage of previous service, increments etc. and this will not be treated as a break in service and will amount continuity in service.

(iv) that the workman shall not be entitled to claim his back-date wages since 25-2-89 till the date the workman resumes his duty in the bank

(v) that the above absence of workman from his duties will amount to extraordinary leave on loss of pay not counted as service for pension and the workman shall have no right title of interest to claim the wages of this period.

(vi) that (the workman will have no right|interest| title to go in any Court of law or otherwise to claim his wages for the period from 25-2-89 till the date of his joining. However, the workman shall be entitled to all the benefits of Provident fund and Pension as he was eligible at the time of leaving the Bank's services i.e. 25-2-89. The workman will also not claim any other benefit connected with this period such as leave, bonus etc. and he will have no right, title or interest to go in any Court of law either himself or through his duly authorised agents or through union).

(vii) that this agreement|settlement is made between the parties as a special case and cannot be treated as a precedent in other cases either by the workman or by the union.

Employers in relation to the management of Bank of India, Patna and their workmen.

APPEARANCES :

On behalf of the workmen : Shri Ram Sharan Singh Executive Committee Member, Bank of India Employees Congress.

STATE : Bihar. INDUSTRY : Banking.

Dated, Dhanbad, the 10th March, 1992

AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-12011/43/89-D-2(A) dated, the 7th November, 1989.

SCHEDULE

"Whether the action of the management of Bank of India in refusing the promotion of Special Assistant to Sh. Ram Sharan Singh is justified ? If not, to what relief is the workman entitled ?"

2. The concerned workman claim, assignment of duties of special assistant with effect from 1-1-86 or latest by 1-7-86 on the basis of settlement dated 31-8-77 arrived at between the Bank of India & Federation of Bank of India Staff Union and also by virtue of the law of the land. He has also prayed for arrears amount and the cost of the litigation.

3. Admittedly, the post of Special Assistant was created in the Bank of India in the year 1970. As per W.S. of the concerned workman a fresh settlement between the management of Bank of India and the Federation of Bank of India Staff union was signed on 938 GI/92—13

31-8-77 regarding elaborate details of the duties of Special Assistant. It was stated that although there was 4th Bipartite Settlement dated 17-9-84, the selection process of the Special Assistant continued to be on the basis of settlement dated 31-8-77 and the same remained invogue till 4-2-87.

4. Admittedly, one post of Special Assistant was increased in the Bhojpur district on 1-1-86 on the basis of total clerical sanctioned strength as on 31-12-85. Service-cum-qualification was the main criteria for selection of Special Assistant as per settlement dated 31-8-77 and accordingly a list was prepared in which the concerned workman was at the top of the list and Shri Om Prakash was second in the list. It was stated further that the concerned workman being senior most ought to have been assigned the duties of special assistant as a matter of right latest by 1-7-86. But the management ignoring all the norms and procedure of settlement dated 31-8-77 asked the concerned workman to appear for the interview for selection of Special Assistant on 23-12-86 without intimating him any change in the norms of selection. It was stated that mode of interview was agreed on 6-2-87 through a settlement between the management and the Federation of the Staff Union and in the circumstances it was incomprehensible as to why the concerned workman was asked to face interview in flagrant violation of the provision contained in settlement dated 31-8-77 which was operative till 5-2-87. Fresh settlement dated 6-2-87 was brought into effect for vacancies arising on or after 1-10-86 vide Annexure E. It was contended through the W.S. that the retrospective effect of the settlement dated 6-2-87 was unconstitutional. Even if this fact remained unchallenged the vacancies arising out on or before 30-9-86 was out of the purview of settlement dated 6-2-87. The vacancy in question for Special assistant arose on 1-1-86 which in no case was to be guided by the procedure laid down in settlement dated 6-2-87. Accordingly, it has been prayed that the Award be answered in favour of the concerned workman.

5. The management refuted all the claims of the concerned workman and by filing W.S. has stated that there was already 4th Bipartite settlement dated 17-9-84 arrived at between the union of Bank's Association and All India Union which inter alia provides under clause VI the procedure for determining the suitability by interview of senior employees with weightage for qualification for filling post of Special Assistant. It was stated that there was meeting of the Central Consultative Committee on 26-8-86 which while deciding the assignment of duties of Special Assistant incorporated the element of interview. However, the said agreement was signed by the parties concerned on 6-2-87. The concerned workman was also given a chance for interview but the assignment was to be given on final merit list prepared in accordance with the procedure laid down in the settlement dated 6-2-87. Thus it has been stated that the concerned workman is not entitled to the relief prayed for by him

6. Admittedly, in the seniority list the concerned workman of Behia Branch was No. 1 and Shri Om Prakash of Atrah Branch was No. 2 for Bhojpur district zone. The main thrust of argument on behalf of the concerned workman was that the settlement

dated 31-8-77 was in force and binding on the parties under Section 18(1) and 19(2) of the I.D. Act, 1947 until it was replaced by fresh settlement dated 6-2-87. Taking recourse to the settlement dated 31-8-77 was contended that in all respect and judged from every angle the concerned workman being senior should have been assigned the duties of Special Assistant and not the man junior to him.

7. The management on the other hand urged that there was 4th bipartite settlement dt. 17-9-84 wherein the element of interview was introduced for selection of Special Assistant and Assignment of duties thereof Clause VI at page 13 of the Memorandum of settlement dated 17-9-84 reads as follows :—

“Without prejudice to clause 5.14(ii) of the First Bipartite Settlement dated 19th October, 1966, with effect from the date of this Settlement, in the matter of filling up posts of Special Assistants in the Clerical Cadre, suitability be determined in member banks having the post of Special Assistants by interview of senior employees with weightage for qualifications. Where such suitability is assessed only on the basis of interview there shall be a period of probation for 6 months. Where the written test system already exists in any bank on the date of the Settlement the same may continue.”

3. From the provision it was clear that the weightage of qualification was given but the suitability was to be determined on the basis of interview. The settlement was signed by the members duly authorised on behalf of Bank of India Bank Association and representative of the workman namely All India Banks Employees Association, and the National Confederation of Bank Employees. Thus the provision of interview had taken birth as back as in the year 1984 whereas the vacancy in question had occurred on 1-1-86. The concerned workman was called for interview but he did not fair well. The learned counsel for the concerned workman urged that the concerned workman should have been necessarily informed earlier about the change of mode in selection of the candidate but I find that he could not point out any specific provision in this regard. Shri M. D. Sharma, Dy. Regional Manager while deposing as MW-1 made it clear that it was not necessary on the part of the management to intimate before hand the candidate about the mode of selection. It may be mentioned here that no witness was examined on behalf of the workmen not even the concerned workman to state his claim. Surprisingly enough the concerned workman appeared at the interview without any protest and the inference will be that he acceded to the mode of selection by interview. There is nothing to show that he appeared in the interview by way of protest. The witness MW-1 has explained extensively the reason as to why the concerned workman was not selected as Special Assistant with effect from 1-1-86. He explained that the federation of Bank of India Employees Union wanted to arrive at an agreement with the management about the fresh procedure of selection of Special Assistant based on the bipartite settlement of 1984. Such agreement was arrived at in the Central Consultative Committee meeting of August, 1986 and as per this agreement the component of interview was brought into effect. He also stated that Mr. Singh

was interviewed but he was not selected as Special Assistant. In a question put to the witness as to whether the decision of the Central Consultative Committee met as the sanctity of agreement between the Bank of India and federation of Bank of India Employees Union, the witness answered in affirmative. The witness also stated the Central Consultative Committee decision as the sanctity of the agreement. The witness further explained that as per decision of the Central Consultative Committee meeting of August, 1986 the interview was held to be the criteria for selection of the candidate.

9. I have examined all these aspects of the matter and the evidence of MW-1. I find that the element of interview was nothing new and it was introduced as back as in the year 1984. The interview letter was issued to the concerned workman and he was asked to face the interview and this will amount that he was informed before hand about the mode of selection. If at all he was not agreeable to such mode of selection he should have raised protest and or atleast he should have appeared with protest. For the reasons stated above I find no merit in the claim of the concerned workman and thus the action of the management of the Bank of India in refusing the promotion of Special Assistant to Shri Ram Sharan Singh, the concerned workman is justified and consequently the concerned workman is not entitled to any relief.

An Award is passed accordingly.

PRESENT :

Shri B. Ram, Presiding Officer.

In the matter of an Industrial Dispute under Section 10(1)(d) of the I.D. Act., 1947

REFERENCE NO. 272 OF 1986

PARTIES :

Employers in relation to the management of Phularitand Colliery of Messrs. Bharat Coking Coal Limited and their workmen.

APPEARANCES :

On behalf of the workmen : Shri D. Mukherjee, Secretary, Bihar Colliery Kamgar Union.

On behalf of the employers : Shri R. S. Murthy, Advocate.

STATE : Bihar. INDUSTRY : Coal.

Dated, Dhanbad, the 24th March, 1992

AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-20012/108/86-D.III(A), dated the 30th July, 1986.

SCHEDULE

"Whether the demand of Bihar Colliery Kamgar Union that the management of Phularitand Colliery of M/s. Bharat Coking Coal Limited should regularise their workmen, S/Shri Alkoo Mahto, Bodhi Mahto and Inderdeo Mahto as Night Guards in Grade-G with retrospective effect is justified ? If so, to what relief are these workmen entitled ?"

2. The concerned workmen three in number as per order of reference have prayed for their regularisation as Night Guard in Grade-G since 1-5-72, when Phularitand colliery was nationalised. They claim to have been discharging their duties as Night Guard since from the date of their appointment. It was stated that Night Guards as per Wage Board Recommendation were getting Grade-G. The management of M/s. BCCL has already implemented the Wage Board Recommendation, NCWA-I, II and III and inspite of all these things the management issued them identity card designating them as Night Guard in Grade-H.

3. It is the case of the concerned workmen that in order to redress their grievance they preferred a claim application under Section 33C(2) of the I.D. Act before the Central Govt. Labour Court at Dhanbad and the same was registered as L.C. Application No. 21/85, 22/85 and 2/84. All the aforesaid applications were heard and disposed of together by a common order dated 14-2-85 whereby the management was directed to pay the concerned workmen difference of Grade-G & H. The workmen have to say that since the difference of wages were paid to them the management admitted their position as Night Guard in Grade-G. It was stated that the action of the management in denying regularisation as Night Guard in Grade-G was against the provision of Coal Wage Board Recommendation and also against the directive of the Court.

4. The management raised some legal objections that the reference is not maintainable on the ground that it was barred by the principles of resjudicata and estoppel. Apart from that the claim of the concerned workmen was overstate.

5. Admittedly the concerned workmen had filed L.C. Applications aforesaid which were heard together and disposed of. It was contended through the W.S. that the concerned workmen have already choosen their remedy and the doctrine of election by choice will come into operation.

6. Apart from this legal objection the management has to state that the concerned workmen are watchmen in Gr-H and they were never appointed as Night Guard. Night Guards are those who are permanently posted in night duties. It is for this reason that they are given slightly higher pay scale. On the other hand the watchmen are those who required to work in different shifts of 8 hours round the clock. This means that they perform only 1/3rd Night Duty in a month. It was urged that a dramatic change was introduced by NCWA-III in as much as a sort of Night Shift allowance was introduced for the workers deputed for duty in Night shift in the form of additional transport subsidy. That came into effect from 1-1-73. Para 5.2.2 provides additional transport subsidy at the rate Rs. 2 per day. It provides further that persons who work regularly in night should rotate whenever possible and will be paid Rs. 2 per day of the work in the last shift in the night. JBCCI had also taken a decision that the persons who work regularly in the Night shifts should be rotated along with other shift. It was stated that in view of this provision there was no question of any Night Guard being permanently deputed for night duty only. It was also decided that all watchmen will be placed in Grade-G and that they would be designated as Security Guard. This decision has been incorporated in the Implementation Instruction No. 54 dated 17-10-85.

7. The only question for consideration is whether the concerned workmen are entitled for regularisation as Night Guard in Grade-G with effect from 1-7-72.

8. Admittedly, there were L.C. applications which were decided in favour of the concerned workmen by a common order and that differences of wages of Grade-G and H was allowed. Admittedly, the management implemented the order. The learned counsel for the workmen contended that by implementing the order the management admitted that the concerned workmen were Night Guard. It was also contended that according to Wage Board Recommendation the immediate starting grade for the Night Guard is Grade-G. When the management has already admitted, by making payment of difference of wages, then there may be hardly any reason as to why the workmen should not be regularised with effect from 1-5-72 as Night Guard in Grade-G. At this stage I may refer to the evidence of WW-1 also. He is one Shri Bodhi Mahto one of the concerned workmen. He stated that BCCL issued identity card showing their designation as Night Guard in Grade-H. He supported that as per Wage Board Recommendation the Night Guards are in Grade-G. The witness stated that from 1985 the management placed them in Grade-G. According to

him he and other workmen are demanding their regularisation as Night Guard from 1-5-72. However, in cross-examination the witness has displayed his ignorance as to whether they were given Grade-G as per JBCCI decision. He also admitted that all the watchmen have been given Grade-G from 1985. The witness further stated that Night Guard who work in Night shift from 10 P.M. onwards are paid extra transport subsidy at the rate of Rs. 2 per night.

9. The contention of the learned counsel for the workman can be appreciated to some extent but the whole question is that NCWA-III was finalised by the JBCCI which came into effect from 1-1-83. In para-10 of the W.S. of the management it has been stated that JBCCI reviewed the position with regards to watchmen and Night Guards and ultimately it was decided that all the watchmen will be placed in Guard-G as they were designated as Security Guards. The learned counsel for the management has referred to the Implementation Instruction No. 54 dated 17-10-85 which runs as follows:—

“All security personnel who are presently in Grade-‘H’ irrespective of their designation will be screened out. Those who conform to the norms of appointed as Security Guard, mentioned in the Note No. 1 below and are already trained, will be placed in Grade ‘G’.”

The report of the JBCCI forms part of the W.S. of the management. I do not find any force in the legal aspect raised by the learned Counsel for the Management.

10. I have examined this aspect of the matter and in view of the specific decision taken by JBCCI the concerned workmen cannot enforce their claim for regularisation in Grade-G with effect from 1-5-72. As per decision of the JBCCI they have already been regularised as such with effect from 17-10-85 and hence I find no merit of the claim of the concerned workmen and accordingly it is held that the demand of Bihar Colliery Kamgar Union that the management of Phularitand Colliery of M/s. Bharat Coking Coal Limited should regularise their workmen, S/Shri Alkoo Mahto, Bodhi Mahto and Inderdeo Mahto as Night Guards in Grade-‘G’ with retrospective effect is not justified and consequently the concerned workmen are not entitled to any relief.

This my Award.

AWARD

Dated: March 10th 1992

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-12012/592/89-D.II(A) dated 10th July, 1990, for adjudication of the following dispute:—

THE SCHEDULE

“Whether the actions of the management of bank of maharashtra in not granting annual increment to Shri U. K. Pandit, Part time employee and not deducting Provident Fund subscription and not contributing its share to the Provident Fund Account of Shri U. K. Pandit are justified? If not, to what relief the workman concerned is entitled and from what date?”

2. This Award also disposes of the applications dated 1-8-1991 filed on 2-8-1991 by the management.

3. According to the first application, the management has stated that since the workman was re-employed by virtue of the Award of this Tribunal dated 16-5-1984 given in Reference Case No. CGIT/IC(R)(6)/83 which has been set aside by the Hon'ble High Court of Bombay, Bench at Nagpur, in Writ Petition No. 1634/84 filed by the manage-

ment vide Order dated 26th March, 1991 and since it has been held that the action of the Bank of Maharashtra in terminating the service of Shri U. K. Pandit vide Order dated 26-2-1982 was proper and legal and since the High Court of Bombay, Bench at Nagpur, has held that the workman is not a workman of the Bank, this present Award is closed and no further adjudication is necessary in the instant case.

4. So far as the second application is concerned, the management, in view of the above fact, has sought leave and permission of this Tribunal to dispense with the services of Shri U. K. Pandit.

5. Facts leading to this case (Ref. No. 6/83) are that this Reference was made vide Reference Order dated 23rd March, 1983 for adjudication of the following dispute:—

“Whether the action of the management of Bank of Maharashtra, in relation to their Dharampeth Branch Nagpur in terminating the services of Shri U. K. Pandit, a part-time Pass Book writer with effect from, 26-2-82 a justified. If not, to what relief the workman is entitled?”

6. The workman says that he was appointed as a Part time Clerk at Dharampeth Branch of the Bank with effect from 20-1-1978. His services are being utilised for 2 hours daily and is therefore being paid at 1/3rd of the pay scale per month in accordance with the provisions of the Bipartite Settlement. His services were illegally terminated by the Bank from 14-2-1982. The said termination was challenged and the matter was referred for adjudication before this Tribunal. The Tribunal gave its Award and declared the action of the Bank as illegal and was further pleased to reinstate the workman with back wages. He accordingly joined his duties w.e.f. 26-10-1984. The workman has further stated that this award has been challenged before the High Court of Bombay, Bench at Nagpur and the same is still pending.

7. The workman says that right from the date of appointment in the Bank neither the Bank was deducting any amount towards PF, nor was giving equal contribution to the employee towards P.F. The said acts are breach of Clause 14(i) of the Bipartite Settlement dated 1-9-1978.

8. The workman after completing one year continuous service in the Bank is entitled for annual increment in his wages. After passing the graduation he became entitled for Graduation Increment in accordance with the provisions of the Bi-partite Settlement. All such increment were not granted to the workman till the filing of the industrial dispute. The Bank, however, abruptly decided to effect payment of such increments and started deduction of P.F. from the salary of the employees and they have paid arrears of all such amounts in the month of March, 1990. The management has, therefore, committed the breach of Settlement dated 19-11-1979. The Bank has also committed breach of Para 9 of the Bipartite Settlement dated 12-9-1970 and of granting of increments etc. cannot be decided till XVII of Bipartite Settlement date 17-9-1984. Obviously the Bank decided not to abide by the terms

of the Settlement and unnecessary dragged the workman for litigation requiring the Government to refer the matter for adjudication. Their subsequent action of paying arrears run counter to the stand taken by the Bank at the time of conciliation proceedings. It is a wilful breach of the Settlement on the part of the Bank which is actionable under Sec. 29 of the I.D. Act. The workman has accordingly prayed as follows :—

- (a) The Bank be directed to pay quantum of interest on the entire amount payable to him from the appropriate date at commercial rate of interest.
- (b) Direct the Government of India to initiate proceedings under Sec. 29 of I. D. Act for committing breach of settlement against the management.
- (c) Direct the management of the bank to saddle the cost of the case.
- (d) Direct any other relief which this Hon'ble Tribunal may deem fit, proper and just.

9. The management has come out with its case as follows : That Sh. U. K. Pandit So late Shri K. N. Pandit was employee of the Bank. The bank has a Scheme for providing employment on compassionate grounds to the dependent family member of the employee if he dies while in service of the Bank. Subsequent to the death of Shri K. N. Pandit his daughter Miss Sheela Pandit was provided employment under the aforesaid Scheme. Ku. Sheela Pandit resigned from the service of the Bank in February 1974. Subsequent to resignation of Ku. Sheela Pandit, another family member of the said family viz. Miss Shalini Pandit was given part-time work as part time Pass Book Writer. Ku. Shalini Pandit joined in March 1974. However, she also left the part time work/job in January 1978. Thereafter another family member, Shri U. K. Pandit, was provided work as a part time Pass Book Writer, the weekly working hours being 12. This was done under a Scheme prevailing then and there under with certain terms and conditions laid down for such employment. Since Shri U. K. Pandit did not fulfil those conditions he was discontinued from service vide Order dated 26-2-1982.

10. Shri U. K. Pandit raised an industrial dispute which was registered as Reference Case No. CGIT/LC(R) (6)/83, as per Award dated 16-5-1984 this tribunal ordered reinstatement of Shri U. K. Pandit with effect 28-10-1984. The Award was challenged before the High Court of Bombay, Bench at Nagpur in Writ Petition No. 1634/84. The Hon'ble High Court vide its Order dated 26-3-1991 set aside the said award and has held that the action of the Bank of Maharashtra in terminating the services of Shri U. K. Pandit vide Order dated 26-3-1982 was proper and legal. Shri U. K. Pandit cannot be deemed to be an employee of the Bank with effect from the date of termination. Shri U. K. Pandit has been given the following benefits :—

- (a) He has been allowed leave as per rules in normal course.
- (b) He has been allowed festival advance in normal course.

- (c) He has been allowed medical aid in normal course.
- (d) He has been allowed bonus in normal course.
- (e) Increments were granted to him from 1979 to 1982.
- (f) Deductions towards P. F. contribution had been made from 1979 to 1982 in normal course.
- (g) Increments for the period 1984 onwards were granted to him in March 1990.
- (h) Deductions towards P.F. contribution for the period 1984 onwards was made in March 1990.

11. Management has further stated that increments for the period 1984 onwards could not be granted in normal course because of the fact that the matter of employment of Shri. Pandit was pending before the Hon'ble High Court and was subjudice and hence the management was of the opinion that issue of granting of increments etc. cannot be decided till the pendency of the writ petition before the Hon'ble High Court. This also apply to the deduction for P. F. contribution. However, the matter pending before the High Court the management decided to release all the benefits i.e. increments etc. from 1989 with retrospective effect.

12. The management submits that service conditions of Bank employees in clerical and peon cadre are governed by Sastri Award/Bipartite Settlement as amended subsequently. The management has not violated any of the settlement or the awards. It is in the circumstances that funds were bona fide withheld. His claim is accordingly liable to be rejected.

13. Since the award by virtue of which the workman was reemployed is no more in existence having been set aside by the High Court of Bombay, Bench at Nagpur, as already pointed out above, the right of the workman under reference no more subsists. It is for the management to decide whether the workman should be permitted to continue in service in the entire facts and circumstances of this case or not. So far as this Tribunal is concerned it has no objection because it shall abide by the order of the High Court which has set aside the award of this Tribunal. The applications as also the reference is disposed of accordingly. No order as to costs.

The Deputy General Manager, Kanhan Area of W. C. L., P. O. Dungaria, District Chhindwara and two others—Opp. Parties (Management)

APPEARANCES :

For Complainant— Shri D. N. Tripathi.

For Opp. Parties —Shri Hanumant Singh.

Industry : Coal Mine District : Chhindwara (M.P.)

AWARD

Dated, March 11th, 1992

This is a complainant under Sec. 33-A of the I. D. Act arising out of the order of dismissal of the complainant/applicant.

2. Para 3 of the application discloses that industrial disputes, cases nos 202/87, 141/87, 81/87, 17/88 and No.— of 1988 are under proceedings for adjudication before this Court and since the opposite parties do not approach before this Tribunal for approval of the action taken under Sec. 33(2)(b) of the I. D. Act and also failed to pay wages for one month as the opposite parties contravened the provisions of Sec. 33 of the I. D. Act and therefore the action should be taken against the opposite parties under Sec. 31(1) of the I. D. Act.

3. Coming to the facts of this case the applicant having been terminated from service after being charge-sheeted, it is alleged, inter alia, that the termination order is liable to be set aside being in violation of the provisions of S. 33 of the I.D. Act.

4. Without going into the merits of the case I confine myself to the sole point as to whether the provisions of S. 33 of the I. D. Act have been violated

and whether the relief can be given to the complainant under sec. 33-A of the I. D. Act.

5. Certified copy of the Reference Orders which are said to be connected with this case are not on record. It appears that the present application arises out of the reference case no. 202/87, the matter of dispute referred under the Reference Order is as follows :—

MATTER OF DISPUTE

“Whether the action of the Manager, Damua Colliery of W. C. Ltd. in denying confirmation/regularisation of Sri Yusuf Khan S/o Babu Khan as Store Issuer is fair and justified ? If not, to what relief the workman is entitled ?”

6. The above dispute has been disposed of vide Award dated 25-10-1991.

7. However, vide application dated 3-4-1988 the Petitioner/Complainant sought to make amendment in Para 3 of the application as follows :—

Add in 3rd line of para 3 after the word “of 1988”, case No. 26 of 1988 and the reference No. 21012/90/87-D, III(B) dated 28-12-1987 should be substituted.”

8. I have called for the Reference Case No. 26/88 which too has been disposed of vide proceedings and Award, respectively dated 23-10-1991 and 25-10-1991. The Order of Reference is, however, as follows :—

“Whether the action of the management of Damua Colliery of western coalfields Ltd., Kanhan Area in awarding punishment of suspension from 3-9-83 to 13-12-83 to Shri D. N. Tripathi, Mining Sirdar is justified ? If not, what relief the workman is entitled to ?”

9. Having gone through these Orders of References, it is not understandable as to how this application under Sec. 33 A of the I. D. Act is tenable because no such proceedings were pending when the workman was terminated from service after departmental enquiry. Even assuming that there was pendency of the above disputes before this Tribunal/Court, those being individual workman cases pertaining to confirmation and suspension of other individual, how this complaint or complainant is connected with those individual cases is further not understandable. Hence I need not go into the merits of the case. The application is untenable and is hereby dismissed with no order as to costs. Award is given accordingly.

AWARD

March 18th 1992

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-22012(287)/89 IR(Coal-II) Dated 14/21-2-1990, for adjudication of the following dispute :—

SCHEDULE

“Whether the action of the Management of Gevra Project, South Eastern Coalfields Ltd., Bilaspur in denying regularisation of Sri Jagdish Prasad, Driver, as a Clerk w.e.f. April, 1985, is justified ? If not, to what relief the workman concerned is entitled ?”

2. In the instant case, after raising the dispute and getting it referred for adjudication neither the workman concerned nor anyone on behalf of the Union took any interest to contest his claim. Even nobody has cared to file statement of claim on behalf of the workman in spite of several opportunities given to him on dates fixed i.e. 7-5-90, 3-8-90, 1-11-90, 16-1-91, 20-3-91, 24-1-91, 19-8-91 and 14-10-91. The last date fixed for the purpose was 17-3-92. On this date also nobody appeared on

behalf of the workman. Management has also not filed its statement of claim.

3. In the circumstances, it appears that the workman has no interest in the case. No dispute award is therefore passed. Parties to bear their own costs.
